Final Round – Team with highest score from round 1 & round 2 will compete for the winning score answering 1 question.

Each question has a point value from 100 to 500 points depending on the question.

Team members who choose to push the buzzer will get 10 seconds to answer with the **exception** of:

Final Quiz Bowl – 45 Seconds

If a team pushes the buzzer and answers the question wrong, the point value of the question will be taken away from the total they have even if they have no points.

The other teams will be given a chance to answer with the same rules: 10 seconds to answer, point value of the question will be taken away if they get it wrong.
