Subject: Bull Hill Wind Project: Request for Public Hearing
Date: Sunday, February 20, 2011 4:01:51 PM

Friends,

I am writing about the Development Permit Application from Blue Sky East, L.L.C., an affiliate of First Wind of Boston, MA, for a 34.2 megawatt (MW) grid scale wind power project proposed for Bull Hill and Heifer Hill in Township 16, which project is known as the "Bull Hill Wind Project".

Since 1974, my wife and I have lived year around on Sugar Hill Road in Eastbrook, about a mile from the Eastbrook/Township 16 line where at least one of the proposed turbine towers is currently sited.

I request that the Commission's review of the Bull Hill Wind Project include a Public Hearing at which members of the public may have an opportunity to address the Commission.

Thank you.

Stefan C Nadzo
