STATE OF MAINE
DEPARTMENT OF ENVIRONMENTAL PROTECTION

PAUL R. LEPAGE
GOVERNOR

PATRICIA W. AHO
COMMISSIONER

Oak Grove Crematory
Kennebec County
Gardiner, Maine
A-1022-71-C-M

Departmental
Findings of Fact and Order
Air Emission License
Amendment #2

After review of the air emissions license amendment application, staff investigation reports and other documents in the applicant's file in the Bureau of Air Quality, pursuant to 38 M.R.S.A., §344 and §590, the Department finds the following facts:

I. REGISTRATION

A. Introduction

1. Oak Grove Crematory (Oak Grove) was issued Air Emission License A-1022-71-A-N on October 5, 2009, permitting the operation of emission sources associated with their human crematory facility. An amendment to extend the time to commence construction, A-1022-71-B-M, was issued June 17, 2011.

2. Oak Grove has requested a minor revision to its license to change the location of its facility to 89 Technology Drive (Libby Hill Business Park), Gardiner, ME

B. Application Classification

This amendment will not increase emissions of any pollutant. Therefore, this modification is determined to be a minor revision and has been processed as such.

II. BEST PRACTICAL TREATMENT (BPT)

A. Introduction

In order to receive a license the applicant must control emissions from each unit to a level considered by the Department to represent Best Practical Treatment (BPT), as defined in *Definitions Regulation*, 06-096 CMR 100 (as amended). Separate control requirement categories exist for new and existing equipment as well as for those sources located in designated non-attainment areas.

There have been no changes that will affect the BACT analysis submitted with the application for Oak Grove's air emission license.

ORDER

Based on the above findings and subject to the conditions listed below, the Department concludes the emissions from this source:

- will receive Best Practical Treatment,
- will not violate applicable emission standards,
- will not violate applicable ambient air quality standards in conjunction with emissions from other sources.

The Department hereby grants Air Emission License A-1022-71-C-M, subject to the following condition:

The following shall replace item I.A.2 in Air Emission License A-1022-71-A-N:

2. The equipment addressed in this license is located at 89 Technology Drive, in the Libby Hill Business Park, in Gardiner Me.

DONE AND DATED IN AUGUSTA, MAINE THIS 5th DAY OF October, 2011.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

BY: Melanie Loyzim for
PATRICIA W. AHO, COMMISSIONER

The term of this amendment shall be concurrent with the term of Air Emission License A-1022-71-A-N.
