Subject: **Cornish Hiram**
Federal Project No: BH-1824(000)X
State WIN: 018240.00
Amendment No. 3

Dear Sir/Ms:

The following questions have been received:

Question: In reference to Special Provision 105, Environmental Requirements, is pile driving considered an "in water activity"?

Response: Yes, any pile driving or removal activity occurring in water is considered an in water activity.

Question: In reference to Special Provision 107, Prosecution and Progress, is alternating traffic control by flaggers allowed prior to June 21, 2014 and after August 23, 2014?

Response: Yes, alternating traffic controlled by flaggers will be allowed prior to June 21, 2014 and after August 23, 2014, except during the following times when school is in session and school buses are transporting children to and from school:
7.15 am – 8:00 am
2:00 pm – 2:50 pm
4:00 pm – 4:30 pm

Question: In reference to item 526.301, Temporary Concrete Barrier Type I, please provide an approximate quantity and location where it will be utilized.

Response: As shown on the plans, the estimated quantity for 526.301 Temporary Concrete Barrier Type 1 is 60 feet. It is anticipated that the Contractor will use the Temporary Concrete Barrier Type 1 in conjunction with 652.312 Type III Barricades to assure that traffic cannot access the bridge during the bridge and roadway closure periods.

Consider this information prior to submitting your bid on March 26, 2014.

Sincerely,

for George M. A. Macdougall P.E.
Contracts & Specifications Engineer
