DEP has not addressed all the ramifications of Mountain Top Industrial Wind generators.
http://www.maine.gov/dep/blwq/docstand/sitelaw/Selected%20developments/2010/saddleback_ridge_wind/index.htm

comments and reviews show laws need more definition.

How do you address red, strobing night light? for example

Noise, visual, decommissioning, wildlife studies; all need more clarification.

Thank You

Alice Barnett
