Subject: Request for a public hearing
Date: Sunday, February 20, 2011 4:55:05 PM

Dear Mr. Murphy

I have written to you previously about my distress over First Wind's Twp 16 plan for windmills

The placement of these turbines will effect Eastbrook residents MORE than the ones planned for Eastbrook if LURC does not require First Wind to adhere to Eastbrook's standards.

I beg you to hold a public meeting so the citizens of Eastbrook can be heard on this life changing issue.

If I should forward this to another LURC commissioner please advise me and I will follow through.
Thank you for all the work you are doing for us.
