RE: Certificate of Authority for United Healthcare of New England, Inc.

Dear Superintendent Cioppa:

This letter will serve as notification that, on this date, I have determined that United Healthcare of New England, Inc. is in compliance with the requirements of M.R.S 24-A §4204 (2-A) part A and B. This determination was completed as part of their application for a Certificate of Authority as a Health Maintenance Organization.

Subsequent to the July 7, 2021 determination by the Division of Licensing and Certification that a Certificate of Need was not required for this transaction, I requested that a review be completed regarding the certification requirements for the issuance of a Certificate of Authority that are the responsibility of this department.

The analysis and findings regarding the proposed project are predicated on the application record as describe in the final review.

FINAL REVIEW: Briefing memo to Jeanne M. Lambrew, Commissioner, DHHS, dated July 28, 2021.

I am certifying that the requirements set forth in M.R.S. 24-A §4204 (2-A) parts A and B have been met by the applicant.

Sincerely,

Jeanne M. Lambrew

Commissioner, DHHS
