***** Insurers that pay up front because their estimated annual assessment is less than $50,000 are not required to make a quarterly payment for the current fiscal year. However, additional premiums collected as a result of audits for prior years must be multiplied by the appropriate rate and any payment due must be submitted with this report. See 39-A M.R.S.A §154 (3) (B-1).

NOTE: For policies written using retrospective rating and large deductibles, the premium base must be calculated in accordance with the above regardless of the actual retrospective premium calculation.
