General Information

Who Must File – Anyone holding a license under the International Fuel Tax Agreement (IFTA) is required to file, on a quarterly basis Form IFTA-100, *IFTA Quarterly Fuel Use Tax Return,* and Form IFTA-101, *IFTA Quarterly Fuel Use Tax Schedule* for each fuel type.

Form IFTA-100 summarizes the amount of tax due or the amount to be credited for the various fuel types computed on each Form IFTA-101 and is used to determine the total amount due/credit, including any appropriate penalty and interest.

U.S./METRIC CONVERSION FACTORS:
one liter = 0.2642 gallons one gallon = 3.785 liters
one kilometer = 0.62137 miles one mile = 1.6093 kilometers

Instructions

Please make any changes in your name or address on your return. When changing your address please check the box at the upper right for address change.

No Operation – Mark *X* in this box if you did not operate a qualified motor vehicle(s) in any jurisdiction including your base jurisdiction during the quarter. Sign this return and mail to the address indicated on the return.

Cancel License - Mark *X* in this box if you are requesting your license be canceled. Complete this return for your operatons during the quarter and return your IFTA license to the address at the top of the IFTA tax return. Destroy all decals that were issued to you.

Amended Return - Mark *X* in this box if this return corrects a previous return. Indicate the quarter and year of the return you are correcting. The amended return should show the correct figures for that quarter – not the difference. An explanation of the changes must accompany the amended return.

Line instructions
Enter any credit amounts in brackets.

Line 1 – Enter the total amount from column P on the first page of Form IFTA-101 for diesel.

Line 2 – Enter the total amount from column P on the first page of Form IFTA-101 for gasoline.

Line 3 – Enter the total amount from column P on the first page of Form IFTA-101 for ethanol.

Line 4 – Enter the total amount from column P on the first page of Form IFTA-101 for liquid propane (LPG).

Line 5 – Enter the total amount from column R of the worksheet on the second page of Form IFTA-101-I, for all other fuel types.

Line 6 – Add lines 1 through 5. This amount is the net of all credits and taxes due for each fuel type reported on lines 1-5. Enter a net credit amount in brackets.

Line 7 – Penalty – A penalty of $50 or 10% of delinquent taxes, whichever is greater, is imposed for the failure to file a return, for filing a late return, or for underpayment of taxes due.

Line 8 – Add lines 6 and 7. Enter a credit amount in brackets.

Line 9 – The preprinted credit shown on line 9 is the total of the credits available from previous quarters as of the date shown.

Line 10 – Subtract line 9 from line 8. Enter a credit amount in brackets. If the amount on line 10 is a balance due, enter the amount of your payment in the payment box above line 1.

Line 11 – Please note that credit balances will not be refunded for amounts under $100. If the amount is $100 or more and you would like to receive a refund check the box as Yes. If the amount is under $100 or if you check No the credit will be carried forward to be applied to future tax liabilities. Any account that has a credit balance for more than 8 quarters will automatically be refunded.

Signature – The return must be signed and dated by the owner (if an individual business), a partner (if a partnership or a limited liability partnership), a member (if a limited liability company), or (if a corporation) by the president, treasurer, chief accounting officer, or any other person specifically authorized to act on behalf of the corporation. The fact that an individual's name is signed on the certification shall be prima facie evidence that the individual is authorized to sign and certify the return on behalf of the business. Documents that are incomplete, missing signatures, etc. will not be deemed received until the return is complete.

Additionally, if anyone other than an employee, owner, partner, officer or member of the business is paid to prepare the return he or she is required to sign and date the return and provide his or her EIN/social security number, mailing address and telephone number.

For additional information, see the first page of Form IFTA-101-I, *Instructions for Form IFTA-101.*

MAILING INSTRUCTIONS

1. Attach check or money order payable to: **SECRETARY OF STATE**.
2. Include on your check or money order your IFTA License Number and the period covered by this return.
3. Place the IFTA-100 *(page 1)* form on top of the IFTA-101 schedule(s) you are returning.
4. Fold on the lines indicated in the margin of the IFTA-100 *(page 1)* and return in the enclosed envelope.

Instructions for Form IFTA-101

IFTA Quarterly Fuel Use Tax Schedule

A separate Form IFTA-101 must be used for each fuel type. Forms have been generated for each fuel type for which you are liable.

Jurisdictions that have a surcharge* are listed twice on Forms IFTA-101 (column F). If you traveled in any jurisdiction(s) with a surcharge*, be sure to complete both lines for that jurisdiction on Form IFTA-101. Entries do not need to be made for the surcharge line for columns G, H, I, K and L.

Jurisdictions with tax rate changes throughout the quarter will appear as their own row, immediately under the jurisdiction abbreviation. The date displayed indicates the date the tax rate took effect.

(A) Total IFTA Miles – Enter the total miles traveled in IFTA jurisdictions by all qualified motor vehicles in your fleet using the fuel type indicated on each form/schedule (total from column G). Report all miles traveled whether the miles are taxable or nontaxable. Round mileage to the nearest whole mile (e.g., 1234.5 = 1235).

(B) Total Non-IFTA Miles – Enter the total miles traveled in non-IFTA jurisdictions by all qualified motor vehicles in your fleet using the fuel type indicated on each form/schedule. Report all miles traveled whether the miles are taxable or nontaxable. Round mileage to the nearest whole mile (e.g., 1234.5 = 1235).

(C) Total Miles – Add the amount in item (A) and the amount in item (B) to determine total miles traveled by all qualified motor vehicles in your fleet.

(D) Total Gallons – Enter the total gallons of fuel placed in the propulsion tank in both IFTA and non-IFTA jurisdictions for all qualified motor vehicles in your fleet using the fuel type indicated. Round gallons to the nearest whole gallon (e.g., 123.4 = 123).

(E) Average Fleet MPG – Divide item (C) by item (D). Round to 2 decimal places (e.g., 4.567 = 4.57).

Column F – All IFTA jurisdictions are preprinted. If you did not operate in a jurisdiction, make no entries for that jurisdiction.

Column G – Enter the total miles traveled (taxable and nontaxable) in each IFTA jurisdiction for this fuel type only. Make no entry on surcharge line for this column. Round mileage to the nearest whole mile (e.g., 1234.5 = 1235).

Column H – Enter the IFTA taxable miles for each IFTA jurisdiction. Do not include fuel use trip permit miles. Make no entry on surcharge line for this column. Round mileage to the nearest whole mile (e.g., 1234.5 = 1235).

Column I – Enter your average fleet miles per gallon (mpg) from item (E) above. Make no entry on surcharge line for this column.

*Jurisdictions with surcharge: None.

Column J – Divide the amount in column H by the amount in column I to determine the total taxable gallons of fuel consumed in each IFTA jurisdiction. For surcharge* taxable gallons, enter the taxable gallons from the same jurisdiction's fuel use tax line, column J. Round gallons to the nearest whole gallon (e.g., 123.4 = 123).

Column K – Enter the total tax-paid gallons of fuel purchased and placed in the propulsion tank of a qualified motor vehicle in each IFTA jurisdiction. Keep your records for each purchase claimed. When using bulk storage, report only tax-paid gallons removed for use in your qualified motor vehicles. Fuel remaining in storage cannot be claimed until it is used. Make no entry on surcharge line. Round gallons to the nearest whole gallon (e.g., 123.4 = 123).

Column L – Subtract the amounts in column K from column J for each jurisdiction. Make no entry on surcharge line for this column.

- if column J is greater than column K, enter the taxable gallons.
- If column K is greater than column J, enter the credit gallons. Use brackets to indicate credit gallons.

Column M – All tax rates will be preprinted.

You may view the quarterly tax rates at http://www.iftach.org/taxmatrix3/choose_tableq2.php.

Column N – Multiply the amount in column L by the tax rate for that jurisdiction in column M to determine the tax or credit. Enter any credit amount in brackets. Where a surcharge* is applicable, multiply the gallons in column J by the surcharge tax rate in column M.

Column O – If you file late, compute interest on any tax due for each jurisdiction for each fuel type indicated on each form/schedule. Interest is computed on tax due from the due date of the return until the date payment is received. Interest is computed at 0.42% per month or part of a month. Returns must be postmarked no later than the last day of the month following the end of the quarter to be timely.

Column P – For each jurisdiction, add the amounts in column N and column O and enter the total dollar amount due or credit amount. Enter any credit amount in brackets.

Subtotals – Add the amounts in columns G, N, O and P on the first page of the schedule and enter on the *Subtotals* line in the appropriate columns. Add the amounts in columns G,N, O and P on the second page of the schedule and enter on the Subtotals line in the appropriate columns on page 2. Enter these amounts in the applicable columns on the first page of the schedule on the *Subtotals from page 2* line.

Totals – Add the *Subtotals* and the *Subtotals from page 2* to determine the *Totals*. The total in column P is the difference of all credits and taxes due for all jurisdictions. Transfer the *Totals* from column P for Diesel, Gasoline, Ethanol and Liquid Propane (LPG) reported to the corresponding line on Form IFTA-100, *IFTA Quarterly Fuel Use Tax Return.* For all other fuel types, add the *Subtotals* and the *Subtotals from page 2*, and transfer the total from column P for each of these fuels to column R of the worksheet on the second page of these instructions.

Make a copy of the return for your records.
