Item #2: LETTERS - This week, we're asking you to help us keep up our steady drumbeat in local and statewide publications. Please take a few minutes to put your thoughts down on paper. What's your motivation to vote YES this November to reject the CMP Corridor? How do you feel about a foreign government spending tens of millions of dollars on propaganda to influence the outcome of this election? Do you think CMP should be allowed to circumvent the Maine Constitution? If you need help crafting a letter, but you're willing to give it a try, email us now at stopnecec@gmail.com! You really can help us make a big difference in this way.

Item #3: PUBLIC COMMENT - Also this week, please continue to write to the administration to urge President Biden to put the Presidential Permit on hold until:

- 1) the public is allowed to weigh in
- 2) a comprehensive Environmental Impact Study is completed
- 3) The First Nations in Canada and the Penobscot Nation in Maine are granted the government-to-government meeting that they are entitled to.

One year ago today [Tom Saviello](#) filed the paperwork for our referendum. Now we are in the home stretch with **only 47 days left until Election Day!** If you would like to become more involved with the final push, please email us at stopnecec@nocmpcorridor.com! We need volunteers right up until the end.

Together, we can and we will STOP THE CMP CORRIDOR! On November 2, vote YES on Question 1.

Thanks for your support, [Dennis L Keschl!](#)

For those of you who don't know him, Dennis formerly served as the Director of the Public Utilities Commission. He also served as the Director of the Bureau of Air Quality Control, and as the Director of the Division of Operations and Maintenance in the Bureau of Water Quality. He is a former President of the New England Water Environment Association, a longtime Board Member for the Sportsman's Alliance of Maine and a retired lawmaker.

We are incredibly fortunate to have his voice behind us. Please share **this ad!**

ATTENTION: We need a strong turnout at the State House on Wednesday in support of [Senator Rick Bennett's](#) bill, LD 194.

LD 194 is necessary to close the loophole that is currently allowing a foreign government to use a company owned by its taxpayers to flood Maine with ads to influence the outcome of an election initiated by the people of Maine. Now that this loophole has been exposed, and Hydro-Quebec has gotten away with its spending spree, the floodgates are open for foreign government involvement in future referendums as well. **Regardless of how you feel about the CMP Corridor, LD 194 closes a dangerous loophole; simply put, it's the right thing to do.**

Thank you all for your sign enthusiasm and requests! At this point in the campaign we are very low on signs and may not be able to fulfill all requests. If your home or business gets a lot of traffic and you'd like a sign, please fill out our sign request form (<https://docs.google.com/.../1FAIpQLScQta322ix.../viewform...>) and we will do our best to connect you with a sign! We certainly encourage folks to make grassroots painted signs as well.

In the meantime, please make sure to text/email/message all of your Maine voting friends and family and let them know that you'll be voting Yes on 1! Ask them to do the same.

SIGN PSA 🗣️:

It's official lawn sign season meaning we have less than 6 weeks until the November 2nd election. Our volunteers across the state have placed lawn signs out on public property. If you are driving by a sign that is in need of a little TLC, please help us out by stopping to straighten it out! Note: we cannot touch other lawn signs, only our own. Thank you!

*****LAWN SIGN UPDATE*****

As you have seen, our beautiful new lawn signs have just been delivered this week! We have incredible volunteer sign captains in each county who have driven across the state to bring these signs to a town near you. It is no small feat to get them distributed since our grassroots army of supporters spreads from Kittery to Caribou, but we will get it done! If you have requested a sign through our google form or by making a donation, we thank you for your patience and you will be hearing from your Sign Captain or receiving it within the next week or so.

We appreciate everyone's patience and support! If you have not yet requested a sign and are now having sign envy, please feel free to request one here:

Have you requested a new lawn sign yet? Proudly display our "Vote Yes" messaging on your private property and help us spread the word to our neighbors across the state!

Complete this quick form and a volunteer in your county will be in touch when signs come in!

*PLEASE NOTE - the signs are on order and due to arrive in the next couple of weeks

Lawn Sign Request Form

Complete the form below to request a "Vote Yes to Reject the CMP Corridor" lawn sign for use on private property.

Please note that we are relying on the generosity of local volunteers to help distribute lawn signs to interested voters. We may not be able to fulfill every request depending on our sign stock (which is currently low) and geographic location. We are working to prioritize high traffic placements and we encourage homemade signs of support as well!

Thank you for your support and remember to vote YES to reject the CMP Corridor in November! Donations in any amount help fund our David vs. Goliath fight against CMP and Hydro-Quebec, ensuring that our message reaches as many Maine voters as possible. Please make a donation by visiting: <https://www.yestorejectcmpcorridor.com/donate>

Thank you!
