Dear Ms. Dolan:

Thank you for your letter of February 26 expressing concern about the posting requirements for pesticides applications in public areas. The Board reviewed your letter at their March 16 meeting and determined that you had raised some legitimate concerns. Subsequently, the Board directed me to develop additional background information to be presented at its next meeting scheduled for April 13.

Thank you again for taking the time to express your views. Your input is greatly appreciated.

Sincerely,

  
Henry Jennings  
Acting Director  
Board of Pesticides Control
