

State of Maine Fuel Discounts Current as of 7/31/2014

Below is a list of merchants who offer discounts to the State of Maine's fuel card provider. The fuel card provider in turn passes those discounts on to the State of Maine. All discounts are passed either through the invoicing process or through a separate rebate program with the fuel card provider. You will not see the discount at the time of refuel. This listing will change periodically as the fuel card provider negotiates discounts with participating merchants. Please check back for updated information.

Please try to utilize merchants on this list when it is reasonable and cost effective to do so.
