

Dear RFQ respondent:

We invite you to submit your qualifications for consideration. After we have reviewed all submissions, we will develop a short-list and invite 3 – 4 firms to an interview with the members of our Selection Committee. We anticipate that these interviews will take place in mid-late July.

The attachments provide supplemental information on the two following BGS projects:

Farm Production Facility (PT 2414) – total budget \$750,000

Evaluation of using either the dairy barn or the equipment shed to renovate as follows: multipurpose classroom space, a wash/pack station

With cold storage, tools and supplies storage and a mudroom/locker room with toilet and shower facilities. Utilities will be required.

Early Childhood Family Lab School/Nature Explore Center (PT 2413) – total budget \$350,000

This Project involves either the renovation or razing of an existing vegetable stand. The resulting facility will need a main entrance at the backside of the building, a children's restroom, a sink/set up/storage area, a main play space and a partition allowing observation. Project dimensions – the building must be 20' by 40' plus outdoor designed play space.

We intend to select a firm that has the experience, capacity, project team, references and that can concentrate on getting us to bid as soon as possible. Six copies of your proposal must be submitted by 2 p.m. June 24, 2014 via postal or delivery service to: John Delile, Project Coordinator, KVCC, 92 W. Avenue, Fairfield, ME 04937.

Valerie Chiang is the BGS project architect for these two projects and I am the Project Coordinator acting on behalf of KVCC. If you have additional questions, please contact me at idelile@kvcc.me.edu or call me at 207-557-9013.
