<input type="checkbox"/> Property appraisal	<input checked="" type="checkbox"/> Roof system design	<input type="checkbox"/> Space planning / programming

**General Statement of Professional Experience (written by firm)**

A.E. Hodsdon has been providing professional engineering services for nearly 35 years. In that time, we have designed many projects and many different types of projects. Our specialties lie in the design of public utilities but we also have designed many buildings and hundreds of site plans. We have also provided services to state agencies - Department of Conservation, Inland Fisheries & Wildlife, Dept. of Environmental Protection, Maine Dept. of Transportation and directly to Bureau of General Services. Our staff is highly trained and very versatile.

The list of project covers the following disciplines. We were the prime designers for all of these projects: Building Design, Civil, Environmental, Sanitary Engineering, Drafting, Licensing and Permitting, Facility Master Planning, Spec Writing, Roof Systems and Owner's Representative and inspection.
