General Statement of Professional Experience (written by firm)

Gawron Turgeon Architects is an award-winning design firm offering integrated professional services of architecture, master planning, landscape architecture and interior design. Established on the sound principles of providing quality service to clients, and committing to design excellence for each and every project, this Maine firm has been successful for nearly thirty years.

Listening to our clients, helping determine and define their particular needs, and then providing appropriate solutions is the cornerstone of Gawron Turgeon Architects. We follow through, without hesitation, on all our projects until full acceptance is acquired. As US Green Building Council members with LEED Accredited Professionals on staff, we work with our clients to follow LEED Guidelines, utilize green materials, and design to help conserve energy from site orientation to finishes.
