General Statement of Professional Experience (written by firm)

Turk Tracey & Larry Architects (ttl-architects) is an award winning architecture and historic preservation firm specializing in the design of new buildings and additions within historic settings; the rehabilitation and restoration of historic structures; investigation and repair recommendations for historic structures; and historical research including surveys, National Register nominations and Historic Structure Reports. The firm has worked on numerous National Historic Landmarks and received a 2001 National Trust for Historic Preservation Honor Award for its work on the restoration of the Portland Observatory in Portland, Maine. In 2003 the firm received an Honor Award from the Maine Chapter of the American Institute of Architects for the design of the Visitors' Center and Chapel at the Maine Veterans' Cemetery in Augusta. The firm has received three Maine Preservation honors awards.
