PERSONNEL MEMORANDUM 9-76

To: All Agency Heads  
From: Robert Stolt  
SUBJ: Personnel Department Telephone Listing

Effective Monday, September 13, 1976 the Department of Personnel was relocated to new offices in Room 214 of the State Office Building.

In conjunction with this move, a new and expanded telephone system has been installed. A revised telephone listing with the new exchanges is attached. We ask that you make this listing available to the staff within your organization who normally would be conducting business with our offices. By using these numbers you will not only alleviate telephonic congestion but also your call will more speedily reach the section with which you have business, thus resulting in better service.

ROBERT STOLT  
Commissioner
