PERSONNEL MEMORANDUM 8-83

TO: Department/Agency Heads, Personnel Officers,  
Affirmative Action Officers

SUBJECT: INITIAL LISTING OF CLASSIFICATIONS WHICH MAY BE ELIGIBLE  
FOR APPRENTICESHIP OR TRAINEE PROGRAMS

Personnel Memorandum 7-83 solicited your interest in classifications for which apprenticeship or training programs may be useful.

This memorandum provides the initial listing of classifications which may be eligible for apprenticeship or training programs. You will note that several training programs and one apprenticeship program currently do exist. The remaining classifications listed are those for which programs could be readily established. The list will be expanded as individual agency suggestions are reviewed with the agency most concerned.

If your agency is interested in establishing an apprenticeship or training program for a classification listed here, or for a classification not yet listed but of great interest to you, please contact Don Wills, Director of Personnel Services, Department of Personnel.

Revised procedures governing training and apprenticeship programs will be provided shortly.
