Clarifying Question RFP 2017

How do we structure the program enrollment process to be focused on pregnant and parenting youth, but ensure we have an open enrollment?

Answer:

According to 20-A Ch. 112 §2404, 2, F "A public charter school may limit enrollment to pupils within a given age group or grade level and may be organized around a special emphasis, theme or concept as stated in the school's application for a charter contract pursuant to section 2407."

Also, a public charter school must advertise openings, at least in its catchment area and cannot reject an applicant who does not fit its targeted demographic.
