We seek to provide a comprehensive educational program for children, grades pre-k through sixth grade in the Lewiston/Auburn area. Our Charter School will provide an extended year program for children to minimize learning loss and to maximize learning opportunities in an in-depth and meaningful manner. Using a unique blend of carefully selected curriculum, paired with experiential and hands-on learning opportunities, we seek to educate the whole child. Children have extensive learning needs, including academics, emotional growth, behavioral regulation and social skills. Our program is designed to meet the needs of children who will thrive in a setting designed to meet their unique needs and in a setting focused on celebrating the success of our students.
