

# BUILDING PERMIT BP-15282 B

Based on the information you have submitted in the attached application and supporting documents, the staff of the Land Use Planning Commission concludes that, if carried out in compliance with the conditions of approval below, your proposal will meet the criteria for approval, 12 M.R.S. § 685-B(4) of the Commission's statutes and the provisions of the Commission's *Land Use Districts and Standards*. Any variation from the application or the conditions of approval is subject to prior Commission review and approval. Any variation undertaken without Commission approval constitutes a violation of Land Use Planning Commission law. In addition, any person aggrieved by this decision of the staff may, within 30 days, request that the Commission review the decision.

LUPC Authorized Signature

September 15, 2021

Effective Date

## CONDITIONS OF APPROVAL

1. **At least one week prior to commencing the permitted activities**, the permittee or the designated agent must contact the Commission staff and notify them of the estimated date construction work will start. Notice may be provided in writing, in person, by email, or by calling. If you leave or send a message, please include your full name, telephone number, permit number, and the date the work will start.
2. **Prior to commencing the permitted activities**, the permittee, or the designated agent acting on behalf of the permittee, must provide a copy of the permit, including its attached conditions, to contractors that will be performing work or will be responsible for work at the site.
3. The authorized structure(s) **must not exceed 30 feet in height** as measured as the vertical distance between the mean original (prior to construction) grade at the downhill side of the structure and the highest point of the structure, excluding chimneys, steeples, antennas, and similar appurtenances that have no floor area.
4. Construction activities authorized in this permit must be substantially started within 2 years of the effective date of this permit and substantially completed within 5 years of the effective date of this permit. If such construction activities are not started and completed within this time limitation, this permit shall lapse and no activities shall then occur unless and until a new permit has been granted by the Commission.
5. This permit is dependent upon and limited to the proposal as set forth in the application and supporting documents, except as modified by the Commission in granting this permit. Any variation is subject to prior review and approval of the Maine Land Use Planning Commission. Any variation from the application or the conditions of approval undertaken without approval of the Commission constitutes a violation of Land Use Planning Commission law.
6. Structures authorized under this permit, as well as filling/grading/soil disturbance and cleared openings created as part of construction activities authorized under this permit, must be located to meet the road, property line, water and wetland setback distances, exterior dimensions and building heights listed in Sections 3 and 4 and approved by this permit.
7. Temporary and permanent sedimentation control measures must be implemented to effectively stabilize all areas of disturbed soil and to catch sediment from runoff water before it leaves the construction site so that sediment does not enter water bodies, drainage systems, water crossings, wetlands or adjacent properties. Clearing and construction activities, except those necessary to establish sedimentation control devices, shall not begin until all erosion and sedimentation control devices (including ditches, culverts, sediment traps, settling basins, hay bales, silt fences, etc.) have been installed and stabilized. Once in place, such devices shall be maintained to ensure proper functioning.
8. Effective, temporary stabilization of all disturbed and stockpiled soil must be completed at the end of each work day. All temporary sedimentation and erosion control devices shall be removed after construction activity has ceased and a cover of healthy vegetation has established itself or other appropriate permanent control measures have been effectively implemented. Permanent soil stabilization shall be completed within one week of inactivity or completion of construction.
9. Cleared openings created as part of construction activities authorized under this permit must be effectively stabilized and revegetated.
10. All imported fill material must be free of hazardous or toxic materials and must not contain debris, trash, or rubbish.
11. Unless otherwise proposed in Question 8.4 and by the submittal of Exhibit G, Erosion and Sediment Control Plan, and approved by this permit, soil disturbance must not occur when the ground is frozen or saturated.

12. Topsoil must not be removed from the site except for that necessary for construction activities authorized in this permit. Topsoil must be stockpiled at least 100 feet from any water body.
13. The permittee shall not advertise Land Use Planning Commission approval without first obtaining approval for such advertising. Any such advertising shall refer to this permit only if it also notes that the permit is subject to conditions of approval.
14. In the event the permittee should sell or lease this property, the buyer or lessee shall be provided a copy of the approved permit and conditions of approval. The new owner or lessee should then contact the Land Use Planning Commission to have the permit transferred into his/her name. If there are no additional changes the transfer can be accomplished on a Minor Change Form.
15. All exterior lighting must be located and installed so as to illuminate only the target area to the extent possible. Exterior lighting must not produce a strong, dazzling light or reflection beyond lot lines onto neighboring properties, water bodies, or roadway so as to impair driver vision or to create nuisance conditions.
16. The scenic character and healthful condition of the area covered under this permit must be maintained. The area must be kept free of litter, trash, junk cars and other vehicles, and any other materials that may constitute a hazardous or nuisance condition.
17. The permittee shall secure and comply with all applicable licenses, permits, authorizations, and requirements of all federal, state, and local agencies including but not limited to: Air and Water Pollution Control Regulations; Subsurface Wastewater Disposal System approval from the Local Plumbing Inspector and/or Maine Department of Health and Human Services, Subsurface Wastewater Program; and the Maine Department of Transportation, Driveway Entrance Permit, a physical E-911 address from your County Commissioner's Office.
18. Once construction is complete, the permittee shall submit a self-certification form, notifying the Commission that all conditions of approval of this permit have been met. The permittee shall submit all information requested by the Commission demonstrating compliance with the terms of this permit.
19. Upon completion of the authorized structures within the terms of this permit, any existing structures authorized to be removed from the lot and other construction debris must be disposed of in a proper manner, in compliance with applicable state and federal solid waste laws and rules.
20. All conditions of previously issued Commission permits shall remain in effect, except as specifically modified by this permit. For parcels that are part of a Commission-approved subdivision, all conditions of the subdivision permit as they pertain to the permittee's parcel shall remain in effect.

## 1. PROJECT LOCATION AND PROPERTY DETAILS

Applicant Name(s) **John A. & Sharon Doe** Township, Town or Plantation **TIR9 WELS** County **Piscataquis**

Tax Information (check Tax Bill) Map: **P1010** Plan: **01 Lot 1 Lot 5 C133** All Zoning at Development Site (check the LUPC map) **DRS**

Road Frontage. List the name(s) and frontage(s) (in feet) for any public or private roads, or other rights-of-way adjacent to your lot:  
 Road #1: **Fire Road 17 / Rock Ridge** Frontage **0** ft.  
 Road #2: \_\_\_\_\_ Frontage \_\_\_\_\_ ft.

Water Frontage. List the name(s) and frontage(s) (in feet) for any lakes, ponds, rivers, streams, or other waters on or adjacent to your lot:  
 Waterbody #1: **Amhejejus LAKE** Frontage **202** ft.  
 Waterbody #2: \_\_\_\_\_ Frontage \_\_\_\_\_ ft.

## 2. EXISTING STRUCTURES (Fill in a line for each existing structure)

Previously issued Building Permit BP \_\_\_\_\_

Type of structure (dwelling, garage, deck, porch, shed, driveway, parking area, etc.)	Year built	Exterior dimensions (in feet) (LxWxH)	Type of foundation (full basement, slab, post, etc.)	Horizontal Distance (in feet) of structure from nearest:						
				Road	Property line	Lake or pond	Stream	River or stream	Wetland	Ocean/Tidal waters
Shed	2014	16x20x20	Cement	750	715	100	-	-	-	
Shed	pre 71	5'x6'x6'	Post	750	715	120	-	-	-	
Campers	Seasonal	8'x34'x9'	-	750	715	104	-	-	-	
Deck Platform for campers	2014	4x24 8x12	-	750	715	100	-	-	-	
Terraced Walkway to LAKE	2015	4x65	-	750	715	15	-	-	-	

## 3. PROPOSED ACTIVITIES (Fill in a line for each new or modified structure)

Type of structure (dwelling, garage, deck, porch, shed, driveway, parking area, etc.)	Proposal (check all that apply)							Exterior Dimensions (in feet) (LxWxH)	Horizontal Distance (in feet) of structure from nearest:								
	New structure*	Reconstruct*	Expand	Relocate*	Remove	deck/porch	Enclose		Permanent foundation*	Permanent setbacks	Change dimensions or	Road	Property line	Lake or pond	Stream	River or stream	Wetland
Septic/Subsurface Wastewater Disposal system	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	960 sq ft							
Dwelling	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	52x26x14	750	750	710	-	-	-	-
camper w/ deck	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>								

### \* Reconstructions, Relocations, Permanent Foundations and New Accessory Structures:

- a. If the structure or foundation will not meet the LUPC's minimum setback distances from property lines, roads, water bodies or wetlands, explain what physical limitations (lot size, slope, location of septic system, etc.) prevent the structure or foundation from meeting setbacks:
- b. For reconstructions, has the existing structure been damaged, destroyed or removed from your property?.....  YES  NO  
 If YES, was the structure in regular active use within a 2-year period preceding the damage, destruction or removal?.....  YES  NO  
 If YES, provide the date the structure was damaged, destroyed or removed: \_\_\_\_\_

5. VEGETATION CLEARING, FILLING AND GRADING, SOIL DISTURBANCE (If applicable, fill in this table)

	Proposed New Area (in sq. ft.) of cleared/filled/disturbed soil:	Distance (in feet) between edge of cleared/filled area and the nearest:					Ocean/Coastal Wetlands
		Road	Property line	Lake or pond	River or stream	Wetland	
Cleared area	2860	750	750	7120	—	—	—
Filled/disturbed area	300	750	750	7120	—	—	—

6. PROSPECTIVELY ZONED AREAS (RANGELEY AREA ONLY)

Buffering in Prospectively Zoned Areas. Is your property located in one of the following Prospectively Zoned Plantations or Townships?  YES  NO

- Adamstown Twp.  
Rangeley Plt.
- Dallas Plt.  
Richardsontown Twp.
- Lincoln Plt.  
Sandy River Plt.
- Magalloway Plt.  
Townships C, D, and E.

If YES, please complete the following table regarding the width of the vegetative buffers at the narrowest point between the existing and proposed structures and the nearest applicable road, property line, and subdistrict setbacks as applicable:

Standard Minimum Required:	Width of Vegetated Buffers			
	Road	Side Property Line	Rear Property Line	Subdistrict Boundary (if D-ES or D-CI)
	25 feet in D-GN, D-GN2, D-GN3 50 feet in D-RS, D-RS2, D-RS3 75 feet in D-ES and D-CI	15 feet	15 feet	50 feet Buffer to other Subdistricts
This property:	_____ feet	_____ feet	_____ feet	_____ feet

Note: You may be required to submit Exhibit E: Documentation for Exceptions to Buffering Requirements. (See instructions on page III)
