

Does the vegetation near your home or camp look like this?  
If so, it may be at higher risk for damage from a wildfire.

In order to keep a wildfire from threatening your home, Maine's Forest Rangers recommend at least 30' of defensible space between your home and the forest.

Please check all local and state laws before removing any vegetation from within the shoreland zone.

For more information, please contact your local forest ranger at 1-800-750-9777 or visit:
