Dear Comprehensive Land Technologies, Inc. ,

The Maine Forest Service received a NRPA Permit by Rule application from the Department of Environmental Protection on September 24, 2015 for the installation of stream crossings across a tributary of the Colby Pond on your property in Liberty, Maine which was submitted by Dayna De Valk who is acting as your agent. The Permit by Rule (PBR) form has been reviewed by the Maine Forest Service and was found to be complete.

The review of PBR 15020 by the Maine Forest Service finds that the project as outlined in the application will meet the requirements for the Permit by Rule, Chapter 305, Section 10 for the planned installation of the crossings. You may proceed with the project as it has been described in the application PBR 15020.

Please refer to the Permit by Rule standards for guidance to insure that the project meets or exceeds standards: <http://www.maine.gov/sos/cec/rules/06/096/096c305.doc>

Please contact me if you have any questions.

Sincerely,

James Ecker
