Mr. Paul Swett

Dear Paul,

The Maine Forest Service received your NRPA Permit by Rule applications on November 12, 2015 for the installation of a 36" culvert in an unnamed brook on land you manage in Columbia Falls, Maine (PBR 15022) and for a bridge across Pecky Brook on land you manage at different location in Columbia Falls, Maine (PBR 15023). The Permit by Rule (PBR) forms have been reviewed by the Maine Forest Service and were found to be complete.

The review of PBR 15022 and PBR 15023 by the Maine Forest Service finds that your projects as outlined in the applications will meet the requirements for the Permit by Rule, Chapter 305, Section 10 for the planned projects. As long as water levels remain low you may proceed with the projects as they have been described in the applications PBR 15022 and PBR 15023.

Please refer to the Permit by Rule standards for guidance to insure that the project meets or exceeds standards: <http://www.maine.gov/sos/cec/rules/06/096/096c305.doc> .

Please contact me if you have any questions.

Sincerely,

James Ecker
