Leo Turner - Mexico

What is rpm of sustained winds?

What is tip speed?

Albert Ariel - refer to written comments

Steve Thurston - refer to written comments

Kelly Sastamoine, Roxbury

spoke about Flicker & its relation to seizures

- Frequencies of Flicker
- intensity of light & dark between the blades

referred to a study that says that flicker is not decreased until 100 times away from the size of the blades

- has autistic children prone to photosynthetic seizures

Anthony DeSalle -

There is a reflection of mtn. on pond.

What does reflection of flicker do to autistic children?

Setbacks -

should be 2-3 miles from residents, hospitals, & schools

What will happen to people w/in setback (e.g. noise)?

A person said that noise cannot be modeled. We have to learn from Mars Hill.

Let's not make mistake that was made at Mars Hill.

Christine Dube

Has DEP denied any windpower applications? No
Will answers to questions be posted on DEP website? Yes
What was date of 5 new criteria came into place? Jan. 2008 answered by Jim
Who will make final review? Is there a review team?
Based on tourism, who will want to come here?

Brad Blake

- mentioned that he has seasonal camp on Silver Lake in Lee
- 200 people live full-time on lakes in Lincoln area
- Hundreds have seasonal camps.
- is representing all villages in rural areas
- encouraged everyone to see an industrial wind development
- went to Mars Hill on Jan. 18
- say that a resident w/ an autistic child must keep their child inside at all times
- says there are erosion problems on Kibby Mtn. & Stetson
- claims that Record Hill turbines will be seen from Whitecap
- First Wind is going to develop on Black Mtn w/ a project known as Longfellow Wind
- Gov. was able to get into law an expedited permitting process
- talked about the Gov.'s directive for 6000 MW by 2020
- says there's a quarry at Turbine #9 at Mars Hill
  → did not submit written comments

Colleen Martineau

mentioned that Kelly is her daughter

- says that there is Bald Eagles rookery on French Island
- eaglets learn on thermals close to Record Hill
- should be an extensive study on eagles close to project
- mentioned that a person spoke w/ staff from MDIFW re: eagles in area

Tom Curriran

Would like DEP to evaluate Roxbury Pond (based on SPO's report on Maine's Finest Lakes) because SPO never looked at Roxbury Pond?

John Sutton, Selectmen for Town of Roxbury

Town voted to amend ordinance to establish a mtn. district zone.

Town voted to amend town's comprehensive plan.

Town encourages DEP to approve app.

Eric Roderick, Byron on Gerland Pond

Referring to Tom's comment, requests DEP study Little Ellis Pond + Gerland Pond

~~If~~ turbines go down w/in 5 yrs, is applicant still required to fulfill energy assistance.

The town should have required consultants/developer to pay for an independent study of consultant's studies.

talked about Federal tax subsidy on wind

doesn't believe that the stated figure that "winds blow 80% of

- says this will be visible from Appalachian Trail & Tumbledown Mtn.

Kathy Sutton
- Supports RHW project
- will send comments by email

Pat DeFilipp, Auburn
- supports project
- Project creates 200-250 jobs, 8-10 permanent jobs
- All workers are hired locally, materials are purchased locally
- was project manager on Stetson project, there were no erosion there

Monique Aniel
- referred to article in Sunday's Lewiston Sun Journal
- stated definition of "peer review"
- recommends Dr. Pierpont's studies & states they are peer reviewed
- What is mechanism of compensation for loss of property values?
- DEP & DHHS should listen to people of Mars Hill & their feelings of health & noise

Gordon Gamble, Roxbury
- has confidence in DEP process, supports project
- asks that we look at studies of Dr. Jack Leventhal, noise

Dawton Thomas, Roxbury
- Majority of H_2O From Roxbury Pond comes from Garland Pond.
- says Swift River rises 3-4' from rain, nobody is complaining about erosion from river
- in favor of project

Mark Touchette, Roxbury resident
history of town, town believes in property rights
Town relies on DEP
DEP should take into account town vote
believes turbines will increase tourism
in favor of project

Lauri Sebrelkin, Phillips
- went to Mars Hill to talk to residents
- say Mr. Fletcher is w/in 1200' of turbine #12
- went to Kibby Mtn.
- IF soil on Record Hill is thin, erosion due to weather will occur.
- Silt fence is window dressing to impress regulators.
- Developers will try to get away w/ the least amount of EC's.
  ⟹ said same thing about TIFs
- Long-term consequences after decommissioning is enormous. Who will restore?
- Regulators should stay on developers to keep to maintenance plan.
- Developers won't take care of residents after they get their check
- Why is there a 60 acre hole for turbines on Kibby Mtn?
- What is keeping them from doing that here?

Ann Morin

The town is divided on issue.

The town vote was very close. 88 - 81

- relayed what happened on evening of town vote
- DEP should not consider town vote.
- People in favor of project have not addressed health issues.

Linda Kuras, Roxbury

- held info meetings, but no town officials attended
- lives on west shore of pond
- mentioned that pond has canyon effect on noise
- What will happen to migratory birds
- How will flicker effect be on reflection of pond?
- Large tax base of town is people on pond.
- project is not welcomed
- Who will be liable for medical costs?

Lisa Hodgkins

- has the closest home to project ~ 3100'.
- Property boundary is ~ 2100'.
- DEP should consider studies submitted by Dr. Ariel.
- Is it true that DEP has setback limit? Jim answered
- Considering vibroacoustic disease, it is ridiculous that the setback limit is 1½ times the height of turbine
- should remove 2-3 turbines from Partridge Peak
- recommend that DEP look at health issues

Barry Allen
- read proj. description from application
- read letter to Mike Novello from CMP Oct. 08
- Aroostook County on hold
- put a moratorium on project until CMP decides whether they will do upgrades

Dan Grenier
- concerns about echo on lake
- Has any studies been done on echo of lake? DEP should look at this.
- Has any consideration been given to the towers on the Twin Mtns + its potential interference w/ satellite station in Andover? The antennas look directly at N. Twin + possibly S. Twin. This is an RFE free zone. This should be looked at by DEP and/or FCC. (look angle)

Gordon Touchette
thinks that town votes don't mean anything

Angie Arsenault, Roxbury
not happy w/ project
property will depreciate
Town officials said DEP can be bought

Steve Thurston
tangible benefits

970

- property taxes, property assessments can be appealed
- mentioned town issues
- radio interference (See written comments.)
- promoted off-shore energy

971

Subject: Record Hill Wind issues

Hello,

I wanted to send out a reminder that the Department's meeting for the Record Hill Wind project is Wed., Feb 18 from 6-9pm at the Roxbury town office. (The Department's meeting for the Rollins Wind Project is this Wed., Feb. 11 from 6-9pm at Lincoln Academy in the town of Lincoln.)

Also, below is a small list of concerns from interested parties. I would appreciate your opinion on these issues in your review comments (and to keep them in mind for future wind power projects).

Thank you,
BETH CALLAHAN
Project Manager
Bureau of Land & Water Quality
Division of Land Resource Regulation
(207) 287-7898

Subject: DEP meeting reminder Feb 18th 6-9 pm

Just a reminder about the DEP meeting on the 18th. There may be other things that folks want to talk about which we should add to the list. We need to be prepared so that written testimony can printed out and submitted at the meeting. Any ideas?
Steve

1. Turbine Strobe Effects and seizure prone individuals - Colleen
2. Decommissioning Plan - up front escrow of realistic cost projection - Ron Dube
3. Wind Turbine Syndrome effect on all animals, not just humans - ?
4. Demonstrated need for the project - impact of 1200 turbines on 300 miles of ridge for 3.75% reduction in natural gas consumption by ISO NE grid. No committment for transmission line from CMP - Linda?
5. Birds, bats, raptors - forested ridge, thermals, thousands of bat sequences, 1.3 raptors per hour at one viewing location - ?
6. Effect on property values - (any realtors out there) ?
7. Propriety of "tangible benefits" ie free electricity has no relationship to turbine impacts - ?

8. Lisa Hodgkins' house - Lisa?
9. Blasting and environmental issues - ?
10. Wind Turbine Syndrome - we should expect that a doctor will be there to talk about WTS.

11. Rick James noise analysis - Steve T
