043 STATE OF MAINE DEPARTMENT OF ENVIRONMENTAL PROTECTION

MEMORANDUM

TO:	Board of Environmental Protection
FROM:	Nick Livesay, Director, Bureau of Land Resources Beth Callahan, Project Manager, Bureau of Land Resources
RE:	Revised Staff Recommendation on Nordic Aquafarms, Inc.'s Site Location of Development Act (Site Law) and Natural Resources Protection Act (NRPA) Applications #L-28319-26-A-N/L-28319-TG-B-N/L-28319-4E-C-N/L-28319-L6- D-N/L-28319-TW-E-N
DATE:	November 10, 2020

At its meeting on October 29, 2020, the Board discussed the recommended Site Law and NRPA decision prepared by Department staff. Following that meeting, and informed by the Board's discussion, staff have revised the recommended decision. Both a redline copy – showing the changes made since the October 29 meeting – and a clean copy of the revised, draft Order are attached to this memorandum. At an upcoming Board meeting, Department staff will be prepared to answer questions about the recommended changes and the draft Order, more broadly.

For ease of review, an index of the changes shown in the redline version and the pages on which the changes appear follows:

Page No.

 of an emergency response and facility closure plan 49, 94 Added conditions regarding development of an emergency response and facility closure plan and implementation of the plan 69, 96 Updated Water Resource Monitoring Plan condition to expressly address private wells 76 Updated Board analysis and finding regarding control of odors 86 Clarified language regarding buffers along Stream 9 91 Corrected language by removing the word "water" 						
 the condition applies to "nonroad" heavy equipment Correction (inserted word "to") Correction (inserted word "a") Revised Board analysis and findings regarding solid waste disposal and establishmen of an emergency response and facility closure plan Added conditions regarding development of an emergency response and facility closure plan and implementation of the plan Updated Water Resource Monitoring Plan condition to expressly address private wells Updated Board analysis and finding regarding control of odors Clarified language regarding buffers along Stream 9 Corrected language by removing the word "water" 		9	Updated number of procedural orders
