

**ACKNOWLEDGEMENTS**

The original development of this document was partially funded under a Federal Clean Water Act grant from the US Environmental Protection Agency to the Maine Department of Environmental Protection, Non-Point Source Pollution Program. A contract was implemented by the Cumberland County Soil and Water Conservation District to implement the document and originally published in 1991.

***Production***

**2003 Revision:** Marianne Hubert, Senior Environmental Engineer, Division of Watershed Management, Bureau of Land and Water Quality, Department of Environmental Protection

***Illustrations***

The illustrations were obtained from various sources for the original manual. Some detail drawings for this revised manual were obtained from a software package, Erosion Draw 3.0 purchased through Salix, Applied Earthcare. Ross Cudlitz, Engineering Assistance & Design, Inc. made the corrections to some of these drawings.

**Original Author:** Cumberland County SWCD, Jody Smith, Certified Soil Scientist

**Original Technical Review Committee**

John Simon, Professional Engineer, USDA Soil Conservation Service  
Ross Cudlitz, Professional Engineer, Cumberland County SWCD  
Art Taylor, Professional Engineer, USDA Soil Conservation Service  
Chris Jones, Conservation Agronomist, USDA Soil Conservation Service  
Norm Kalloch, State Soil Scientist, USDA Soil Conservation Service  
Kim Stanfill-McMillan, Professional Engineer, Bureau of Land Quality Control, DEP  
Jeff Dennis, Biologist, Bureau of Water Quality Control, DEP  
Sonny Pierce, Fisheries Biologist, Inland Fisheries & Wildlife  
Dave Howard, Professional Engineer, Kleinschmidt Associates  
Fred Todd, Division Manager, Planning & Zoning, Land Use Regulation Commission  
Institute of Municipal Engineers, Maine Chapter  
Marc Guimond, Director of City Services, City of Augusta  
Lionel Cayer, Staff Engineer, City of Augusta  
Larry Clough, City Engineer, City of Waterville  
Rick Burnham, Professional Engineer, Woodard & Curran  
Paul Porada, Professional Engineer, Woodard & Curran  
Bruce Ringrose, City Engineer, City of Portland
