Subject: Re: cruise ships

Hetty,

Our agency (State Water Resources Control Board) along with five other state agencies and the U.S. Coast Guard compose a Cruise Ship Task Force that has prepared a report on Regulation of Large Passenger Vessels in California. The report is being reviewed by our Executive Office right now. After reviewing the report, our Executive Office will send it to the California Environmental Protection Agency (Cal-EPA) for review. Cal-EPA will send the report to the Governor's Office, which will send it to the Legislature.

We will be glad to send you a copy of the report after the Governor Has sent it to the Legislature. Let me know if I can be of further assistance.

Philip S. Isorena
Senior Water Resource Control Engineer
NPDES Regulations Unit
