Subject: Juniper Ridge Landfill Expansion comment
Date: Wednesday, October 19, 2016 4:17:34 PM

This is a comment on the application to expand the Juniper Ridge Landfill. Thank you for the opportunity.

It is not in the interest of our state to license an expansion. Enough is enough.

There should be zero growth. The source of the trash should be audited. We need to know the actual pollution to land and water and the risks of increased pollution. This is needed not only for the state of Maine but also for the Penobscot Nation just downstream. The Penobscots have sustenance fishing rights and the Landfill makes it more difficult to guarantee those rights.

Surely our state government hold our rights to clean water over a corporation.

Thank you for your consideration.

Sincerely,

Barbara Kates
citizen downstream of Juniper Ridge
