**RE: DCP Midstream Partners, LP, Searsport, Maine  
Application for Natural Resources Protection Act and  
Clean Water Act Section 404 Permits**

Dear Robin/Jay:

Enclosed please find a supplemental submission for DCP Midstream Partners' combined application for Natural Resources Protection Act and Clean Water Act Section 404 Permits for its proposed propane terminal in Searsport, ME. The supplemental information reflects completion of the final grading and stormwater management design for the developed site, based on the information received from on-site geotechnical studies. This submittal includes revised replacement pages and drawings and two new drawings to be inserted in the application that was submitted on May 20, 2011. The attached table summarizes how this new information is to be inserted.

Impacts to jurisdictional natural resources and Waters of the U.S. did not change as a result of the revisions to the final grading and completion of the stormwater design. If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Steven Wallace", is written over a horizontal line.
