

## **25.0 PUBLIC NOTICE**

---

### **25.1 INTRODUCTION**

A public information meeting in accordance with the Maine Department of Environmental Protection Rules (06-096 CMR 2) and the Maine Land Use Planning Commission rules (04-061 Chapter 4) was held in Bingham, Maine on March 20, 2013. On March 4, 2013, a copy of the Notice of Intent to File and the Notice of Public Meeting (Exhibit 25A) was sent to all persons owning land within one mile of proposed turbine locations and within 1,000 feet of the proposed electrical generator lead. Notices were also sent to the municipalities, plantations, and counties (as applicable) where the project is proposed, the legislators whose districts the proposed project encompasses, and any persons who made timely requests to be notified of such applications (Exhibit 25B).

The Notice was published as a single Notice of Intent to File and Notice of Public Meeting on March 6, 2013, in the *Kennebec Journal* and the *Sun Journal* and on March 8, 2013, in the *Franklin Journal* (Exhibit 25C).

On April 10, 2013, a revised notice (Exhibit 25D) was sent to each recipient of the March 4, 2013, notice.

The revised notice was published on April 11, 2013 in the *Sun Journal* and on April 12, 2013 in the *Kennebec Journal* and *Franklin Journal* (Exhibit 25E).

As required by Public Law 2011, Chapter 682, notice to the Land Use Planning Commission is being provided concurrently with filing of this application (Section 31, Exhibit 31A).

**Exhibit 25A: Notice of Intent to File and Notice of Public Meeting  
(as mailed to interested parties)**

## PUBLIC NOTICE: NOTICE OF INTENT TO FILE

Please take notice that Blue Sky West, LLC and Blue Sky West II, LLC (the "Applicants"), subsidiaries of First Wind, with principal offices at 129 Middle Street, 3rd Floor, Portland, Maine 04101, (207-228-6888) are intending to file a Site Location of Development Act permit application and a Natural Resources Protection Act permit application with the Maine Department of Environmental Protection (Department), pursuant to the provisions of 38 M.R.S.A. §§ 480-A et seq., and 38 M.R.S.A. §§ 481-490, respectively, and regulations thereunder. The Applicants are also seeking a Section 401 Water Quality Certification pursuant to 33 U.S.C. § 1341. The Applicants intend to file the combined permit application on or about April 2, 2013.

This application is to allow for construction and operation of the Bingham Wind Project in Mayfield Township, Kingsbury Plantation, Moscow, Parkman, Abbot, and Bingham, in Somerset and Piscataquis Counties, Maine. The proposed project includes 63 turbines capable of generating up to 186 megawatts of electricity. The project would also include access to the turbines utilizing existing and new roads, 34.5-kilovolt electrical collector lines among the turbines and connecting to a new collector substation, up to 5 permanent meteorological towers, an operations and maintenance building, and an approximately 15-mile electrical generator lead extending easterly to an existing Central Maine Power Company substation in Parkman, Maine.

The Site Location application will include a request, pursuant to 12 M.R.S.A. § 685-B(1-A)(B-1), that the Land Use Planning Commission (Commission) certify to the Department that the development is an allowed use in the subdistricts in which it is proposed and that the development will comply with applicable Commission land use standards that are not considered in the Department's review.

The Site Location application, including the request for certification, will be filed for public inspection at the Department's office in Bangor and the Commission's office in Augusta and in Bangor during normal working hours. A copy of the application may also be seen on the Department's website (<http://www.maine.gov/dep/land/sitelaw/selected-developments/index.html>), at the Somerset County Commissioner's office in Skowhegan, the Piscataquis County Commissioner's office in Dover-Foxcroft and at the municipal offices in Bingham, Moscow, Abbot and Parkman.

A request for a Department public hearing must be received by the Department in writing, no later than 20 days after the application is found by the Department to be complete and is accepted for processing. A public hearing on the Site Location application may or may not be held at the discretion of the Commissioner. Public comment on the Site Location application will be accepted by the Department throughout the processing of the application.

Written public comments on the Site Law application may be sent to the Department's regional office in Augusta where the application is filed for public inspection: Dan Courtemanch, [Daniel.Courtemanch@maine.gov](mailto:Daniel.Courtemanch@maine.gov), MDEP, 17 State House Station, Augusta, Maine 04333 (287-3901).

A request for a Commission public hearing on the request for certification and/or a petition for leave to intervene in any such hearing must be received by the Commission in writing no later than 20 days after the request for certification is found by the Commission to be complete and accepted for processing. The Commission will consider the degree of public interest when determining whether to hold a public hearing, but the decision whether to hold a hearing is at the Commission's discretion. If the Commission holds a public hearing, members of the public also may offer testimony at the hearing without formally intervening in the hearing, and/or may submit written comments until the close of the record. A request or petition that is not timely filed will be denied unless the requestor/petitioner shows good cause for failure to file on time. Filing may be by electronic mail or facsimile if followed by receipt of an original signed document within five working days. The Commission's provisions for intervention may be found in Chapter 5, section 5.13 of the Commission's rules, which are available at <http://www.maine.gov/doc/lupc/>.

PLANNING BOARD PUBLIC HEARING NOTICE

If no public hearing is held, interested persons may submit written comments on the certification throughout the processing of the certification. Written public comments and questions on the request for certification may be mailed to the Commission's office in Augusta: Land Use Planning Commission, 22 State House Station, Augusta, ME 04333; or emailed to Marcia.Spencer-Famous@maine.gov; or faxed to (207) 287-7439.

Questions about the project can be directed to Dave Fowler of First Wind at 207-653-2466.

The Commission is currently reviewing the application for the proposed project. The Commission will hold a public hearing on the application at a date to be determined. The Commission will notify the applicant of the date, time, and location of the hearing. The Commission will also notify the public of the date, time, and location of the hearing. The Commission will accept written comments and questions on the application at the hearing. The Commission will also accept written comments and questions on the application at any time during the processing of the application.

The Commission will also accept written comments and questions on the application at any time during the processing of the application. The Commission will also accept written comments and questions on the application at any time during the processing of the application. The Commission will also accept written comments and questions on the application at any time during the processing of the application.

The Commission will also accept written comments and questions on the application at any time during the processing of the application. The Commission will also accept written comments and questions on the application at any time during the processing of the application. The Commission will also accept written comments and questions on the application at any time during the processing of the application.

The Commission will also accept written comments and questions on the application at any time during the processing of the application. The Commission will also accept written comments and questions on the application at any time during the processing of the application. The Commission will also accept written comments and questions on the application at any time during the processing of the application.

The Commission will also accept written comments and questions on the application at any time during the processing of the application. The Commission will also accept written comments and questions on the application at any time during the processing of the application. The Commission will also accept written comments and questions on the application at any time during the processing of the application.

The Commission will also accept written comments and questions on the application at any time during the processing of the application. The Commission will also accept written comments and questions on the application at any time during the processing of the application. The Commission will also accept written comments and questions on the application at any time during the processing of the application.

## NOTICE OF PUBLIC INFORMATIONAL MEETING

Please take notice that Blue Sky West, LLC and Blue Sky West II, LLC (the "Applicants"), subsidiaries of First Wind, with principal offices at 129 Middle Street, 3<sup>rd</sup> Floor, Portland, Maine 04101, (207-228-6888) will hold a public informational meeting on Wednesday, March 20 from 6:00 P.M. to 8:00 P.M. at the Quimby Elementary School, 263 Main Street, Bingham, Maine, 04920.

The applicants are proposing the Bingham Wind Project (the "proposed project") in Mayfield Township, Kingsbury Plantation, Moscow, Parkman, Abbot, and Bingham, in Somerset and Piscataquis Counties, Maine. The proposed project includes 63 turbines capable of generating up to 186 megawatts of electricity. The project would also include: access to the turbines utilizing existing and new roads, 34.5-kilovolt electrical collector lines among the turbines and connecting to a new collector substation, as well as up to 5 permanent meteorological towers, an operations and maintenance building, and an approximately 15-mile electrical generator lead extending easterly to an existing Central Maine Power Company substation in Parkman, Maine.

The application for the proposed project will include a Site Location of Development permit application and a Natural Resources Protection Act permit application, pursuant to the provisions of 38 M.R.S.A. §§ 480-A et seq., and 38 M.R.S.A. §§ 481-490, respectively, and regulations thereunder. This combined application would be filed with the Department of Environmental Protection (the "Department"). The Applicants will also be seeking a Section 401 Water Quality Certification pursuant to 33 U.S.C. § 1341. There will be a separate public Notice of Intent to File for the proposed project.

The purpose of this meeting is to inform the public about the proposed project and its anticipated environmental impacts, to seek public comment on the proposed project, and to educate the public about the opportunities for public comment to the Department during the application process.

Questions about the proposed project or the public informational meeting can be directed to Dave Fowler of First Wind at 207-653-2466.

## PUBLIC NOTICE: NOTICE OF INTENT TO FILE NOT

**PUBLIC NOTICE: NOTICE OF INTENT TO FILE NOTICE OF PUBLIC INFORMATIONAL MEETING** Please take notice that Blue Sky West, LLC and Blue Sky West II, LLC (the Applicants'), subsidiaries of First Wind, with principal offices at 129 Middle Street, 3rd Floor, Portland, Maine 04101, (207-228-6888) are intending to file a Site Location of Development Act permit application and a Natural Resources Protection Act permit application with the Maine Department of Environmental Protection (Department), pursuant to the provisions of 38 M.R.S.A. 480-A et seq., and 38 M.R.S.A. 481-490, respectively, and regulations thereunder. The Applicants are also seeking a Section 401 Water Quality Certification pursuant to 33 U.S.C. 1341. The Applicants intend to file the combined permit application on or about April 2, 2013. This application is to allow for construction and operation of the Bingham Wind Project in Mayfield Township, Kingsbury Plantation, Moscow, Parkman, Abbot, and Bingham, in Somerset and Piscataquis Counties, Maine. The proposed project includes 63 turbines capable of generating up to 186 megawatts of electricity. The project would also include access to the turbines utilizing existing and new roads, 34.5-kilovolt electrical collector lines among the turbines and connecting to a new collector substation, up to 5 permanent meteorological towers, an operations and maintenance building, and an approximately 15-mile electrical generator lead extending easterly to an existing Central Maine Power Company substation in Parkman, Maine. The Applicants will hold a public informational meeting on Wednesday, March 20 from 6:00 P.M. to 8:00 P.M. at the Quimby Middle School, 263 Main Street, Bingham, Maine, 04920. A request for a Department public hearing must be received by the Department in writing, no later than 20 days after the application is found by the Department to be complete and is accepted for processing. A public hearing on the Site Location application may or may not be held at the discretion of the Commissioner. Public comment on the Site Location application will be accepted by the Department throughout the processing of the application. Written public comments on the Site Law application may be sent to the Departments regional office in Augusta where the application is filed for public inspection: Dan Courtemanch, BinghamWindProject.DEP@maine.gov, MDEP, 17 State House Station, Augusta, Maine 04333, (207) 287-3901. The Site Location application will include a request, pursuant to 12 M.R.S.A. 685-B(1-A)(B- 1), that the Land Use Planning Commission (Commission) certify to the Department that the development is an allowed use in the subdistricts in which it is proposed and that the development will comply with applicable Commission land use standards that are not considered in the Departments review. A request for a Commission public hearing on the request for certification and/or a petition for leave to intervene in any such hearing must be received by the Commission in writing no later than 20 days after the request for certification is found by the Commission to be complete and accepted for processing. The Commission will consider the degree of public interest when determining whether to hold a public hearing, but the decision whether to hold a hearing is at the Commissions discretion. If the Commission holds a public hearing, members of the public also may offer testimony at the hearing without formally intervening in the hearing, and/or may submit written comments until the close of the record. A request or petition that is not timely filed will be denied unless the requestor/petitioner shows good cause for failure to file on time. Filing may be by electronic mail or facsimile if followed by receipt of an original signed document within five working days. The Commissions provisions for intervention may be found in Chapter 5, section 5.13 of the Commission's rules, which are available at <http://www.maine.gov/doc/lupc/>. If no public hearing is held, interested persons may submit written comments on the certification throughout the processing of the certification. Written public comments and questions on the request for certification may be mailed to the Commissions office in Augusta: Land Use Planning Commission, 22 State House Station, Augusta, ME 04333; emailed to Marcia.Spencer-Famous@maine.gov; or faxed to (207) 287-7439. The Site Location application, including the request for certification, will be filed for public inspection at the Departments office in Augusta and the Commissions office in Augusta during normal working hours. A copy of the application may also be seen on the Departments website (<http://www.maine.gov/dep/land/sitelaw/selected-developments/index.html>), at the Somerset County Commissioners office in Skowhegan, the Piscataquis County Commissioners office in Dover-Foxcroft and at the municipal offices in Bingham, Moscow, Abbot, and Parkman. Questions about the proposed project or the public informational meeting can be directed to Dave Fowler of First Wind at (207) 653-2466.

Appeared in: **Kennebec Journal** on Wednesday, 03/06/2013

#### PUBLIC NOTICE:

#### NOTICE OF INTENT TO FILE

#### NOTICE OF PUBLIC

#### INFORMATIONAL MEETING

Please take notice that Blue Sky West, LLC and Blue Sky West II, LLC (the "Applicants"), subsidiaries of First Wind, with principal offices at 129 Middle Street, 3rd Floor, Portland, Maine 04101, (207-228-6888) are intending to file a Site Location of Development Act permit application and a Natural Resources Protection Act permit application with the Maine Department of Environmental Protection (Department), pursuant to the provisions of 38 M.R.S.A. §§ 480-A et seq., and 38 M.R.S.A. §§ 481-490, respectively, and regulations thereunder. The Applicants are also seeking a Section 401 Water Quality Certification pursuant to 33 U.S.C. § 1341. The Applicants intend to file the combined permit application on or about April 2, 2013.

This application is to allow for construction and operation of the Bingham Wind Project in Mayfield Township, Kingsbury Plantation, Moscow, Parkman, Abbot, and Bingham, in Somerset and Piscataquis Counties, Maine. The proposed project includes 63 turbines capable of generating up to 186 megawatts of electricity. The project would also include access to the turbines utilizing existing and new roads, 34.5-kilovolt electrical collector lines among the turbines and connecting to a new collector substation, up to 5 permanent meteorological towers, an operations and maintenance building, and an approximately 15-mile electrical generator lead extending easterly to an existing Central Maine Power Company substation in Parkman, Maine.

The Applicants will hold a public informational meeting on Wednesday, March 20 from 6:00 P.M. to 8:00 P.M. at the Quimby Middle School, 263 Main Street, Bingham, Maine, 04920.

A request for a Department public hearing must be received by the Department in writing, no later than 20 days after the application is found by the Department to be complete and is accepted for processing. A public hearing on the Site Location application may or may not be held at the discretion of the Commissioner. Public comment on the Site Location application will be accepted by the Department throughout the processing of the application.

Written public comments on the Site Law application may be sent to the Department's regional office in Augusta where the application is filed for public inspection: Dan Courtemanch, BinghamWindProject.DEP@maine.gov, MDEP, 17 State House Station, Augusta, Maine 04333, (207) 287-3901.

The Site Location application will include a request, pursuant to 12 M.R.S.A. § 685-B(1-A)(B-1), that the Land Use Planning Commission (Commission) certify to the Department that the development is an allowed use in the subdistricts in which it is proposed and that the development will comply with applicable Commission land use standards that are not considered in the Department's review.

A request for a Commission public hearing on the request for certification and/or a petition for leave to intervene in any such hearing must be received by the Commission in writing no later than 20 days after the request for certification is found by the Commission to be complete and accepted for processing. The Commission will consider the degree of public interest when determining whether to hold a public hearing, but the decision whether to hold a hearing is at the Commission's discretion. If the Commission holds a public hearing, members of the public also may offer testimony at the hearing without formally intervening in the hearing, and/or may submit written comments until the close of the record. A request or petition that is not timely filed will be denied unless the requestor/petitioner shows good cause for failure to file on time. Filing may be by electronic mail or facsimile if followed by receipt of an original signed document within five working days. The Commission's provisions for intervention may be found in Chapter 5, section 5.13 of the Commission's rules, which are available at <http://www.maine.gov/doc/lupc/>.

If no public hearing is held, interested persons may submit written comments on the certification throughout the processing of the certification. Written public comments and questions on the request for certification may be mailed to the Commission's office in Augusta: Land Use Planning Commission, 22 State House Station, Augusta, ME 04333; emailed to Marcia.Spencer-Famous@maine.gov; or faxed to (207) 287-7439.

The Site Location application, including the request for certification, will be filed for public inspection at the Department's office in Augusta and the Commission's office in Augusta during normal working hours. A copy of the application may also be seen on the Department's website (<http://www.maine.gov/dep/land/sitelaw/selected-developments/index.html>), at the Somerset County Commissioner's office in Skowhegan, the Piscataquis County Commissioner's office in Dover-Foxcroft and at the municipal offices in Bingham, Moscow, Abbot, and Parkman.

Questions about the proposed project or the public informational meeting can be directed to Dave Fowler of First Wind at (207) 653-2466.

**Exhibit 25D: Revised Notice of Intent to File  
(as mailed to interested parties)**

**PUBLIC NOTICE:  
NOTICE OF INTENT TO FILE**

Please take notice that Blue Sky West, LLC and Blue Sky West II, LLC (the "Applicants"), subsidiaries of First Wind, with principal offices at 129 Middle Street, 3rd Floor, Portland, Maine 04101, (207-228-6888) are intending to file a joint Site Location of Development Act permit application and a Natural Resources Protection Act permit application (the "Application") with the Maine Department of Environmental Protection (Department), pursuant to the provisions of 38 M.R.S.A. §§ 480-A et seq., and 38 M.R.S.A. §§ 481-490, respectively, and regulations thereunder. The Applicants are also seeking a Section 401 Water Quality Certification pursuant to 33 U.S.C. § 1341. The Applicants intend to file the Application on or about April 22, 2013.

This Application is to allow for construction and operation of the Bingham Wind Project in Mayfield Township, Kingsbury Plantation, Moscow, Parkman, Abbot, and Bingham, in Somerset and Piscataquis Counties, Maine. The proposed project includes 63 turbines capable of generating up to 191 megawatts of electricity. The project would also include access to the turbines utilizing existing and new roads, 34.5-kilovolt electrical collector lines among the turbines and connecting to a new collector substation, up to 5 permanent meteorological towers, up to five temporary meteorological towers, an operations and maintenance building, a dynamic reactive device such as a synchronous condenser and an approximately 17-mile electrical generator lead extending easterly to an existing Central Maine Power Company substation in Parkman, Maine.

A request for a Department public hearing must be received by the Department in writing, no later than 20 days after the Application is found by the Department to be complete and is accepted for processing. A public hearing on the Application may or may not be held at the discretion of the Commissioner. Public comment on the Application will be accepted by the Department throughout the processing of the Application.

Written public comments on the Application may be sent to the Department's regional office in Augusta where the Application is filed for public inspection: Dan Courtemanch, [BinghamWindProject.DEP@maine.gov](mailto:BinghamWindProject.DEP@maine.gov), MDEP, 17 State House Station, Augusta, Maine 04333, (207) 287-3901.

The Application will include a request, pursuant to 12 M.R.S.A. § 685-B(1-A)(B-1), that the Land Use Planning Commission (Commission) certify to the Department that the development is an allowed use in the subdistricts in which it is proposed and that the development will comply with applicable Commission land use standards that are not considered in the Department's review.

A request for a Commission public hearing on the request for certification and/or a petition for leave to intervene in any such hearing must be received by the Commission in writing no later than 20 days after the request for certification is found by the Commission to be complete and accepted for processing. The Commission will consider the degree of public interest when determining whether to hold a public hearing, but the decision whether to hold a hearing is at the Commission's discretion. If the Commission holds a public hearing, members of the public also may offer testimony at the hearing without formally intervening in the hearing, and/or may submit written comments until the close of the record. A request or petition that is not timely filed will be denied unless the requestor/petitioner shows good cause for failure to file on time. Filing may be by electronic mail or facsimile if followed by receipt of an original signed document within five working days. The Commission's provisions for intervention may be found in Chapter 5, section 5.13 of the Commission's rules, which are available at <http://www.maine.gov/doc/lupc/>.

If no public hearing is held, interested persons may submit written comments on the certification throughout the processing of the certification. Written public comments and questions on the request for certification may be mailed to the Commission's office in Augusta: Land Use Planning Commission, 22 State House Station, Augusta, ME 04333; emailed to Marcia.Spencer-Famous@maine.gov; or faxed to (207) 287-7439.

The Application, including the request for certification, will be filed for public inspection at the Department's office in Augusta and the Commission's office in Augusta during normal working hours. A copy of the application may also be seen on the Department's website (<http://www.maine.gov/dep/land/sitelaw/selected-developments/index.html>), at the Somerset County Commissioner's office in Skowhegan, the Piscataquis County Commissioner's office in Dover-Foxcroft and at the municipal offices in Bingham, Moscow, Abbot, and Parkman.

Questions about the proposed project can be directed to Dave Fowler of First Wind at (207) 653-2466.

**NOTICE OF INTENT TO FILE**

Please take notice that Blue Sky West, LLC and Blue Sky West II, LLC (the "Applicants"), subsidiaries of First Wind, with principal offices at 129 Middle Street, 3rd Floor, Portland, Maine 04101, (207- 228-6888) are intending to file a joint Site Location of Development Act permit application and a Natural Resources Protection Act permit application (the "Application") with the Maine Department of Environmental Protection (Department), pursuant to the provisions of 38 M.R.S.A. Â§Â§ 480-A et seq., and 38 M.R.S.A. Â§Â§ 481-490, respectively, and regulations thereunder. The Applicants are also seeking a Section 401 Water Quality Certification pursuant to 33 U.S.C. Â§ 1341. The Applicants intend to file the Application on or about April 22, 2013.

This Application is to allow for construction and operation of the Bingham Wind Project in Mayfield Township, Kingsbury Plantation, Moscow, Parkman, Abbot, and Bingham, in Somerset and Piscataquis Counties, Maine. The proposed project includes 63 turbines capable of generating up to 191 megawatts of electricity. The project would also include access to the turbines utilizing existing and new roads, 34.5-kilovolt electrical collector lines among the turbines and connecting to a new collector substation, up to 5 permanent meteorological towers, up to five temporary meteorological towers, an operations and maintenance building, a dynamic reactive device such as a synchronous condenser and an approximately 17-mile electrical generator lead extending easterly to an existing Central Maine Power Company substation in Parkman, Maine.

A request for a Department public hearing must be received by the Department in writing, no later than 20 days after the Application is found by the Department to be complete and is accepted for processing. A public hearing on the Application may or may not be held at the discretion of the Commissioner. Public comment on the Application will be accepted by the Department throughout the processing of the Application.

Written public comments on the Application may be sent to the Department's regional office in Augusta where the Application is filed for public inspection: Dan Courtemanch,

BinghamWindProject.DEP@maine.gov, MDEP, 17 State House Station, Augusta, Maine 04333, (207) 287-3901.

The Application will include a request, pursuant to 12 M.R.S.A. Â§ 685-B(1-A)(B-1), that the Land Use Planning Commission (Commission) certify to the Department that the development is an allowed use in the subdistricts in which it is proposed and that the development will comply with applicable Commission land use standards that are not considered in the Department's review.

A request for a Commission public hearing on the request for certification and/or a petition for leave to intervene in any such hearing must be received by the Commission in writing no later than 20 days after the request for certification is found by the Commission to be complete and accepted for processing. The Commission will consider the degree of public interest when determining whether to hold a public hearing, but the decision whether to hold a hearing is at the Commission's discretion. If

the Commission holds a public hearing, members of the public also may offer testimony at the hearing without formally intervening in the hearing, and/or may submit written comments until the close of the record. A request or petition that is not timely filed will be denied unless the requestor/petitioner shows good cause for failure to file on time. Filing may be by electronic mail or facsimile if followed by receipt of an original signed document within five working days. The Commission's provisions for intervention may be found in Chapter 5, section 5.13 of the Commission's rules, which are available at <http://www.maine.gov/doc/lupc/>.

If no public hearing is held, interested persons may submit written comments on the certification throughout the processing of the certification. Written public comments and questions on the request for certification

may be mailed to the Commission's office in Augusta: Land Use Planning Commission, 22 State House Station, Augusta, ME 04333; emailed to Marcia.Spencer-Famous@maine.gov; or faxed to (207) 287-7439.

The Application, including the request for certification, will be filed for public inspection at the Department's office in Augusta and the Commission's office in Augusta during normal working hours. A copy of the application may also be seen on the Department's website (<http://www.maine.gov/dep/land/sitelaw/selected-developments/index.html>), at the Somerset County Commissioner's office in Skowhegan, the Piscataquis County Commissioner's office in Dover-Foxcroft and at the municipal offices in Bingham, Moscow, Abbot, and Parkman.

Questions about the proposed project can be directed to Dave Fowler of First Wind at (207) 653-2466.
