**Subject: Permit By Rule application
Revised Oakfield Wind Project, Aroostook County, Maine
DEP#L-24572-24-A-N and L-24572-24-TF-B-N**

Dear Ms. Damon:

Enclosed please find a Permit By Rule application for the significant vernal pool habitat (SVP) impact associated with the Revised Oakfield Wind Project. This is the third PBR application for the project, this one covering an SVP location previously permitted by PBR for the original Oakfield Wind Project. The term of that PBR has expired.

As previously discussed, I have not included a fee as it is covered in the fees for the larger project.

If you have any questions, please do not hesitate to contact me.

Sincerely,
STANTEC CONSULTING

Brooke E. Barnes
Project Manager

Description of Project:	This PBR application is for an SVP impact area previously permitted in the Oakfield Project; that PBR has since expired. An access road for the Oakfield Wind Project that follows an existing road crosses a significant vernal pool habitat, as shown on Figure 1. The total existing and new impact associated with expanding the road is 18% of the significant vernal pool habitat (see Figure 2). Impact was minimized by following the existing road as much as possible, and moving the access road as far to the northeast as possible without exceeding allowable road grades and increasing cut and fill. Portions of the existing road within the habitat will be revegetated.
