Cynthia Bertocci

Dear Cynthia Bertocci,

Please deliver these comments to the BEP.

Dear Chairman Parker and members of the Board of Environmental Protection:

I urge you to reject the latest version of DEP's weak mining rules. I am very concerned that these weak rules would allow mining corporations to pollute our water and harm our woods and wildlife for centuries. They also would not protect taxpayers from having to pay for the cleanup of mining disasters.

Maine's environment and economy are inextricably linked. Maine's rich outdoor heritage and natural scenic beauty are at the heart of our tourism industry, a critical part of our economy. Thousands of Maine people need our state's healthy environment to make their living and provide for their families. Guides, commercial fishermen, and sporting camp owners all depend on Maine's clean water and abundant fish and wildlife. Mining pollution would be a grave threat to these resources.

My wife and I traveled to Augusta the last time a hearing was held and where the changes were defeated.

We live in the County, Easton to be precise, and unable to make the 230 mile trip to Augusta this time,

but let me say we are even more adamant these rule revisions should again be defeated.

Please follow the lead of both the 126th and 127th Legislatures, and reject these rules.

Sincerely,

John McIntyre
