Subject: Say NO to Weak Mining Rules!
Date: Friday, September 09, 2016 12:10:09 PM

To whom it may concern;

I am writing to strongly urge you NOT to further weaken mining regulations in our beautiful state. I further urge you to stand with the people of Maine and AGAINST all the efforts of the LePage administration and it's supporters to continue to put corporate profits over the security of our environment.

We ask you to lead on this issue and prioritize the sanctity of our environment and it's inhabitants.

Thank you.

Sincerely,
Cynthia O'Toole
