

Beautiful sight, isn't it? and Here's another, at least to me ... An outside oil tank, on a solid foundation with a filter protector. Hi, I'm back to remind you that a single chunk of falling ice or a frost heave can cost you thousands of dollars, untold aggravation, and years of clean up. so pay attention to *your* tank. Don't let it be out of sight, out of mind. call your LICENSED OIL TECHNICIAN TODAY. TELL 'EM TOM SENT YOU.
