

## Annual Project Plan (APP) for the Maine DEP Biomonitoring Program (Sample)

**Year / Basin:** (2004 / St. John's & St. Croix)

**Task:** (Stream Macroinvertebrate Sampling)

**Sampling Period:** (July through August)

**Task Manager:** (Leon Tsomides)

**Proposed sampling plan as of (date):**

Waterbody	Location	Previously sampled? <sup>1</sup>	Station number	Statutory Class	Sampled by	Issue	Requested by / Priority
St. John River	Van Buren	Yes	S186	C	Biomon	Industrial/ Municipal	SWAT / high
Pretty Brook	Westfield	Yes	S374	A	Biomon	Reference	SWAT / high
.....	.....	No (recon)	-	....	Biomon	NPS	SWAT / medium
.....	.....	No	-	....		Agriculture	Biomonitoring / medium
.....	.....	....		....		Urban	SWAT / low
.....	.....	....		....		POTW	Licensing / high
.....	.....	....		....	Acadia NP	....	.... / ....
.....	.....	....		....	DEP NMRO	....	.... / ....

<sup>1</sup> If location has not been previously sampled, indicate if a recon trip is planned. Leave blank if location is to be selected on sampling day.

**Primary sampling method(s) used:** (Rock bags/baskets/cones)

**Method (QAPP Appendix D number):** i

**Additional sampling method(s) used:** (Water grabs)

**Method (QAPP Appendix D number):** iv
