Augusta, Maine 04333-0011

MEMO

To: All MaineCare Providers
From: Rate Setting
Subject: Access to Rates and Rate Letters on the HealthPas Online Portal
Date: January 1, 2016

To Access Rates by Section of Policy:

You now have access to rate setting information on the public portion of the HealthPas online portal. You can click on the link to fee schedules under the Provider Documents section to access a list of fee schedules. <https://mainecare.maine.gov/Provider%20Fee%20Schedules/Forms/Publication.aspx>

There will be a folder titled "rate setting" which will have a sub-folder for each section of MaineCare policy. The sub-folders will contain the current fee schedule and any other rate information relevant to that section of MaineCare policy.

To Access Provider Specific Rate Letters:

Rate letters and other rate documents will soon be available on the HealthPas online portal giving you the convenience of viewing and /or printing rate information relevant to your business. A MaineCare provider ListServ will notify you when this functionality is available and each time updated rate letters are posted in the portal.

To access your rate letters, go to the HealthPas website:

<https://mainecare.maine.gov/ProviderHomePage.aspx>. Sign into your trading partner account, and from there, you can access your letters by selecting file exchange-reports-rate letters.

We hope this addition to the HealthPas online portal will allow providers faster access to rate information, provider specific rate letters, and historical rate information.

To subscribe to the MaineCare ListServ go to: http://www.maine.gov/dhhs/oms/list_serv/listserv.shtml.
