## Are You Eligible?

Does anyone in your family have MaineCare?

Do you have private health insurance or can you get private health insurance?

Do you find it hard to pay for your private health insurance?

If you have MaineCare, you may qualify for the PHIP Benefit.

## Benefits To You

The PHIP Benefit pays the cost of private health insurance for a MaineCare member who qualifies.

The members of your family not on MaineCare might be able to be covered by the same health plan.

## MaineCare

MaineCare benefits are not lost by having private health insurance.

## Private Health Insurance

In order to get this benefit, you must already have health insurance coverage or it must be available to you. This is usually through a job or you can get an individual plan.

## Premium Payment

We will pay monthly premiums to the insurance company, the employer, or to you, depending on circumstances.
