## Program Mission:

To minimize unnecessary health hazards associated with food sanitation, recreational activities, and body art or body enhancement procedures. The program also provides field support for the Division's programs, and the Maine Center for Disease Control and Prevention's Division of Infectious Disease.

## Program Activities:

- ❑ Licensing and regulating eating places, lodging places, campgrounds, youth camps, recreational camps, public pools and spas, vending machines, mass gatherings, tattooing, electrology, body piercing, micropigmentation and the filling of self-contained breathing apparatus;
- ❑ Licensing retail tobacco vendors;
- ❑ Certifying municipal health inspectors;
- ❑ Providing field inspections for the Division's various programs;
- ❑ Conducting food and water borne illness investigations and emergency response under the auspices of the Maine Center for Disease Control and Prevention.;
- ❑ Conducting courtesy inspections of non-profit food service establishments;
- ❑ Providing investigations and inspections of correctional institutions, public and private schools, jails, etc.;
- ❑ Providing consultation and special investigations with municipal officers and local health officers on nuisance and health problems;
- ❑ Providing consultation regarding public bathing beaches.

## Facts:

- ❑ Over \$261,200 received from annual licensure of approximately 2,200 sellers of retail tobacco products; in SYF 06;
- ❑ \$764,500 received from 9,500 licensed eating and lodging establishments in SFY 06;
- ❑ Over 7,500 year round eating establishments; 3,000 seasonal;
- ❑ 280 licensed campgrounds in SFY 06;
- ❑ 170 licensed youth camps in SFY 06;
- ❑ 10 full-time state health inspectors;
- ❑ Most eating and lodging establishments inspected every 2 years;
- ❑ 4,205 eating and lodging establishments inspected FY 06.
