## TRADITIONAL MEDICAID (DEC 2010 - DEC 2014)

# MaineCare: Historical Caseload by Eligibility Group

## OTHER MEDICAID (DEC 2010 - DEC 2014)

# MaineCare: Enrollment and Expenditures

## Maine's Medicaid expenditures:

\$1.44 billion in 2002

\$2.48 billion in 2014

## Medicaid enrollment:

220,876 in December 2002

290,218 in December 2014

## Maine's State obligation:

\$494 million in 2002

\$1.016 billion in 2014

- The federal match rate rapidly declined from nearly 74.73% in 2010 to 61.88% in 2014.

*Between 10/1/08 and 12/31/10, Maine received more than \$600M in enhanced federal funding.*

A blank space means that the condition is not in the Cost Group's top 5, ranked by net payments.

# MaineCare: Service Utilization for Top 5

## Percent of High-Cost Users = \$1.2 Billion

# MaineCare: People Served, Services Provided

## **Federal Medicaid law requires states to cover the following services:**

- Inpatient hospital care
- Outpatient hospital care
- Physician services
- Nurse mid-wife and nurse practitioner services
- Federally Qualified Health Centers/Rural Health Centers
- Laboratories and x-ray services
- Nursing Facility services (age 21 and older)
- Home Health Services (including related supplies and equipment)
- Transportation to medically necessary services
- Early Periodic Screening Diagnosis and Treatment (<21)
- Family Planning
- Tobacco Cessation

# MaineCare: People Served, Services Provided

## MaineCare Optional Services Include:

- Prescription Drugs
- Chiropractors
- Podiatrists
- Diagnostic Services and Screening
- Preventative services
- Rehabilitative services
- Clinic services
- Dental services (limited for adults)
- Dentures
- Physical and occupational therapy
- Speech, language and hearing services
- Prosthetic devices, including eyeglasses
- Inpatient psychiatric care for people under 21 and over 65 (adults 21-64 not covered by Medicaid)
- ICF/IID
- Case management services
- Private Duty Nursing
- Personal care services
- Hospice care
- Home and community based services (habilitation)
- Primary care case management services
- Respiratory care (for ventilator-dependent)
- Eye care

## Waiver:

Allows for greater state flexibility under federal law

## Primary requirement:

Federal government will pay no more than it would if no waiver existed.

# MaineCare: Current Waiver Services

- Disabled & Elderly Waiver
- Intellectual Disability or Autistic Disorder (Adult waiver & children's waiver)
- Home & Community Based Services for persons with physical disabilities
- HIV
- Transportation Services

# MaineCare: VBP – *Why the Change?*

Our system is designed to reward volume instead of quality and efficiency. This does not always ensure that MaineCare members receive the right services for their needs at the right time, or in the most appropriate setting. This has created a cost problem. In our current system:

- 20% of MaineCare members incur 87% of cost
- This 20% often have more than one long-term condition, such as:
  - **COPD**
  - **Diabetes**
  - **Mental Illness**
  - **Heart Disease**
  - **Substance Abuse**

The only way to make positive change is to create a system that focuses on patient-centered, quality and efficient care delivery.

# MaineCare: VBP – *What we want to accomplish.*

By implementing our various VBP initiatives, the Department anticipates the following results:

- A holistic approach to healthcare delivery by addressing a person's physical and mental health needs as one
- A more coordinated and collaborative healthcare delivery system
- A reduction in over-utilization of unnecessary, costly services and an increase in appropriately timed interventions aimed to improve long-term health outcomes
- Short- and long-term cost containment
- Providers are accountable for the outcomes of the services they provide

# Maine's Emergency Department Collaborative: Reducing Inappropriate Use, Improving Outcomes

## Program Goals

- Reduce avoidable ED use and improve health outcomes for high needs, high utilizers of the ED through statewide care management efforts
- Use care management resources in the community wherever possible
- Identify and fill the gaps where no care management capacity exists
- Increase availability of ED for true emergency situations
- Achieve savings in order to reinvest in primary care and other Department priorities

## Successes

- Presently, 36 hospitals are involved in this program
- Average number of ED visits pre-intervention: 13 in 11 months
- Average number of ED visits post-intervention: 6 in 12 months
- Members managed: 1,078 current, 2,114 since program inception
- Nearly \$9.9M has been saved since 2010 and patient outcomes have improved

# MaineCare: ED Care Collaborative

The above graph represents outcomes for the 1,078 members that have received 18 months of intervention. Per member, per month costs represent outcomes at a specific point in the intervention process: 11 months pre-intervention, 6 months pre-intervention, start point, 6 months post-intervention, 12 months post-intervention and 18 months post-intervention. This graph does not represent costs at a specific point in time (i.e. August, 2014). This graph includes MaineCare incurred claims data as of August 31, 2014.

- Members managed: 1,078 this population (2,114 total since program inception)
- Savings realized: \$9.9 million (\$3.7 million in State Funds) total since program inception

## Background

Health Homes Stage A was implemented in 2013 and targets individuals who have two or more chronic conditions, or are diagnosed with one and are at risk of another.

- Includes 170 primary care practices, 10 Community Care Teams
- There are over 50,000 MaineCare members enrolled in the Stage A Health Homes initiatives

# MaineCare: Stage B Health Homes

## Background

Health Homes Stage B was implemented in April 2014 and targets individuals with Serious and Persistent Mental Illness (SPMI) and children with Serious Emotional Disturbance (SED).

- Currently, there are 25 organizations, with over 70 locations around the state, engaged in this effort
- Initial enrollment of approximately 2,000 MaineCare members

People with SPMI often encounter a system that is siloed, not welcoming, and not designed to meet their needs. As a result:

- Their health care is fragmented, not integrated
- They do not have a medical home, but instead may receive care through multiple primary care practices / behavioral health agencies
- They do not have access to the support needed to successfully manage their own care and stay healthy

# MaineCare: Stage B Health Homes

**People with mental illness shoulder a disproportionate burden in getting the care they need to stay healthy.**

- Adults with a diagnosis of SPMI typically have shorter lifespans and higher rates of chronic disease than people without these disorders.
- Adults with SPMI die on average 25 years sooner than their counterparts without a diagnoses of SPMI.
- Children with SED use more physical health care services than Medicaid-enrolled children, in general.

## **Features of Stage B Health Homes include:**

- The integration of mental and physical health care, so that a single, person-centered plan of care identifies and drives all needs.
- Peer supports, so that individuals and families can have access to information and advocacy to help them manage their own care.
- A data-driven and outcomes-based approach, to better identify what is working and what needs improvement.

# MaineCare: Accountable Communities (AC)

## **Accountable Communities will result in such improvement as:**

- Reduction in inpatient readmissions
- Less non-emergent ED use
- More effective use of Electronic Medical Records and real-time data through Maine's Health Information Exchange
- Increased investment in care management for members with chronic conditions
- More emphasis on preventive care

# MaineCare: Accountable Communities

## Incentivizing Quality Care and Cost Reduction

Enrolled provider organizations engaged in Accountable Communities can share in savings that come with care coordination if quality benchmarks are met.

**Current participants are:**

- Eastern Maine Health
- MaineHealth
- MaineGeneral Medical Center
- Penobscot Community Health Center

### Number of MaineCare Members in Health Homes, Accountable Communities and the ED Collaborative

# MaineCare: Accountable Communities (AC)

## Shared Savings model

- ACs can choose between Model I (shared savings only) and Model II (shared saving and shared losses).
- All 4 ACs have chosen Model I, but can change to Model II in subsequent years.
- Under Model I, the AC can share in a maximum of 50% of savings, depending on how it does on a number of quality measures.
- Under Model II the AC can share in a maximum of 60% of savings and also be at risk of 5% of losses in year 2 and 10% of losses in year 3, all depending on how it does on a number of quality measures.

In both models, there are no shared savings or loss payment made unless savings or losses exceed: (a) 2.5% of Benchmark TCOC for ACs with 1,000 – 4,999 members, or (b) 2.0% of Benchmark TCOC for ACs with 5,000+ members

# MaineCare: Pharmacy Management

## Outcomes Since beginning in SY14:

- Cost avoidance = \$1,735,622 (combined state and federal) as of June 30, 2014. Another \$1.1M is estimated for SFY 15.
- 711 members enrolled (i.e. contacted and counseled) Note: 11% of members were enrolled for poor adherence thus reducing waste of medications.
- 94 drugs are currently part of the Pharmacy Management Program.

### Covered Disease States

# MaineCare: Pain Management

## New Policy Highlights

- **Acute Pain Management (pain that is expected to last less than 8 weeks)**
  - Up to 15 days of opioids per year without Prior Authorization (PA).
  - For each two weeks beyond the first 15 days, a face-to-face visit between member and provider must occur and a PA must be submitted and approved.
  - A maximum of three refills (plus the original 15 days) may be allowed for management of acute pain.
  - Post-operative pain management only requires one 60-day PA request, not a new request every two weeks.
- **Chronic Pain Management (pain has or is expected to last longer than 8 weeks)**
  - Prior to starting the next prescription for opioids, the member must engage in an evidenced-based treatment service, including, but not limited to, Physical Therapy, Cognitive Behavioral Therapy, Osteopathic Manipulative Treatment, etc.
  - For patients with a diagnosis of neck pain, back pain, headache or Fibromyalgia, a second opinion from another provider must concur that for this patient, opioids are an appropriate next step in his/her care as all other options have either been tried or are deemed inappropriate.

# MaineCare: Pain Management

## Results after first year (comparing 2012 to 2013)

- 10,000 fewer MaineCare members received a prescription for opioid medications
- 69,634 fewer prescriptions were filled for MaineCare members
- 5,896,106 fewer opioid pills were dispensed to MaineCare members
- \$1,322,075 less spent on opioid medications in CY 2013 compared to CY 2012
- Nearly the entire cost reduction can be attributed to the reduction in high dose, chronic use members

***For the first six months of 2014, as compared compared to 2012, there is a nearly 50% decrease in the number of opioid pills dispensed to MaineCare members!***

## Background

- The Radiology Utilization Management program was implemented in February 2014. It includes Prior Authorizations for CT & PET scans for clinical appropriateness, identifying duplication of radiology requests, etc.
- January – July 2014 Estimated Cost Savings:

<b>CT Scans, YTD:</b>	<b>\$2,311,823</b>
<b>PET Scans, YTD:</b>	<b><u>\$72,543</u></b>
<b>Total YTD:</b>	<b>\$2,384,366</b>

# MaineCare: Radiology Management

## CT Scans - Summary

Time Period	Review Category	Annual Total Number of Services	Monthly Average Number of Services	Monthly Average Services per 1000 Members	Average Monthly Expenditures for Service
Baseline	CT/CTA	28,018	2,335	13.64	\$1,196,652
YTD 2014	CT/CTA	12,475	1,782	12.43	\$866,391

## PET Scans - Summary

Time Period	Review Category	Annual Total Number of Services	Monthly Average Number of Services	Monthly Average Services per 1000 Members	Average Monthly Expenditures for Service
Baseline	PET	489	41	0.24	\$36,222
YTD 2014	PET	220	31	0.22	\$25,858

# MaineCare: Maine State Innovation Model Grant (SIM)

## What is SIM?

- Supports Value-Based Purchasing efforts through a focus on payment reform, delivery system reform, data analytics, Health Information Technology (HIT), and consumer engagement
- Seeks to bolster work currently underway in our state to reduce healthcare costs, strengthen clinical quality, and improve patient experience

## SIM Goals

- Reduce the total cost of care per member per year to the national average
- Improve population health in at least 4 disease categories (diabetes, mental health, obesity, tobacco)
- Improve patient experience scores for targeted practices by 2% from baseline
- Increase the number of practices reporting patient experience from 50% to 80%

# MaineCare: SIM Timeline

# MaineCare: Maine State Innovation Model (SIM) Initiative

## Our Mission

The Maine SIM initiative, through a collaborative process, will promote the alignment and acceleration of statewide innovations designed to improve health and health care and reduce health care costs for the people of Maine

## Our Vision

Working together to promote innovations which transform health care and make Maine the healthiest state in the nation

## Our Strategy

We will achieve this vision by leading and aligning efforts to transform health care delivery and payment using the following primary innovations:

### Strengthen Primary Care

- Expand access to Patient Centered Medical Home (PCMH) / Health Home (HH) models
- Provide quality improvement support, recognition & rewards to PCMH/HH practices
- Provide leadership development opportunities for providers

### Integrate Physical & Behavioral Health Care

- Provide learning collaborative & technical assistance to help BH organizations move to Health Homes model, and to improve integration of physical and BH
- Provide resources & assistance to BH providers for health information technology and interoperability
- Develop BH quality measures

### Develop New Workforce Models

- Develop Community Health Worker pilot in 5 communities
- Develop Diabetes Prevention Program
- Provide training for PCMH/HH practices to improve care for persons with developmental disabilities
- Support efforts to Align Long Term Care with PCMH/HH models
- Support the Improvement of care transitions

### Develop New Payment Models

- Support development of Accountable Community Organizations (ACOs)
- Offer ACOs peer-to-peer learning
- Develop common quality measures
- Engage employers, payers, and consumers
- Develop value-based insurance & benefit design

### Centralize Data & Analysis

- Support development & use of common quality & cost measures
- Support the development of standard cost & quality reporting

### Engage People & Communities

- Engage patients and families as active participants in their care
- Conduct consumer engagement campaign, with special focus on MaineCare members
- Promote Shared Decision Making, tools including Choosing Wisely
- Measure & publicly report patient experience

## Primary Innovations

## Goals by 2017

The total cost of care per member per month in Maine will fall to the national average  
 Maine will improve the health of its population in at least four categories of disease prevalence (ie diabetes, mental health, obesity, etc)  
 Maine will improve targeted practice patient experience scores by 2% from baseline for practices that participated in the 2012 survey  
 Maine will increase from 50% to 66% the number of practices reporting on patient experience of care

# MaineCare: SIM Strategic Pillar Objectives

**Pillar 1 - Strengthen Primary Care**- transition from a single provider engagement to a team based approach in which the patient is a fully engaged and equal partner on the team

- Learning Collaboratives for Health Homes to guide the practice transition from old delivery model to Health Home model
- Health Information Exchange with push out reports allowing these new teams to have real time information on care access by patients
- Data Analytics( claims & clinical) used to inform providers of their care pattern and the subsequent outcomes
- Education about reports and their proper use and interpretation

# MaineCare: SIM Strategic Pillar Objectives

**Pillar 2 - Integrate Physical and Behavioral Health** - bring together both worlds of medical care and address the patient with a holistic view of their well-being not just each individual diagnosis

- Behavioral Health Home Organizations to be recognized and funded for a new model of delivery
- Bring the value of electronic health records to the Behavioral Health community
- Connect BHHO to the Statewide Health Information Exchange
- Learning Collaboratives for BHHO to guide the practice transformation from old delivery model to new integrated model

# MaineCare: SIM Strategic Pillar Objectives

**Pillar 3 - Develop New Payment Models** - Match funding to new model of team and integrated care delivery as well as fund for outcomes

- Establish a new model of payment for a new model of care delivery through Accountable Care Community and Health Homes/BHHO
- Develop Value Based Insurance Design for payers
- Inform practices of their status through practice reports on cost and quality

**Pillar 4 - Develop New Workforce Models** - with a new work environment new skills and adaptation to current skills will be necessary

- Leadership Development
- Community Health Workers will be utilized as part of the team
- Curriculum for new member of integrated team between physical health and behavioral health care teams

# MaineCare: SIM Strategic Pillar Objectives

**Pillar 5 - Centralize Data and Analysis** - Establish a single standard for what data to use when, how to best analyze that data and turn it into actionable information then disseminate that information so that it can drive health care towards better outcomes

- Public reporting on quality and cost
- Development of a 'dashboard' for providers and payers to monitor trends and results of transformation efforts
- Use of data/analytics/information to drive decision-making in a way that all would agree

**Pillar 6 - Engage People and Communities** - Establish and expectation, plan and programs for use of community resources and social supports to ensure best health outcomes

- Implement National Diabetes Prevention Program
- Community Health Worker Program
- Educate consumers on what to expect from this new model of care
- Provide patients with direct access to their own health information

## DHHS 2016-2017 Biennial Budget Initiatives

INITIATIVE	FY 2016	FY 2017
<b>Structural Gap; Consent Decree</b>		
Funding the MaineCare Structural Gap.	\$ 7,801,624	\$ 6,318,369
Providing funding for services required under the Consent Decree.	\$ 5,797,300	\$ 5,797,300
Providing funding for the Bridging Rental Assistance Program (BRAP) to fulfill unmet need under the Consent Decree as determined by the Court Master.	\$ 1,233,947	\$ 1,233,947
<b>SUBTOTAL</b>	<b>\$ 14,832,871</b>	<b>\$ 13,349,616</b>
<b>Access to Primary Care and Preventive Services</b>		
Replacing the loss of federal funds to continue supporting Health Homes.	\$ 5,644,171	\$ 7,840,800
Replacing the loss of federal funds to continue reimbursing Primary Care Providers at 100% of Medicare.	\$ 7,448,493	\$ 7,409,152
<b>SUBTOTAL</b>	<b>\$ 13,092,664</b>	<b>\$ 15,249,952</b>
<b>Funding the Nursing Facilities</b>		
Creating a Remote Access Nursing Facility Grant Program.		\$ 2,206,760
Providing ongoing support for Nursing Facility rebasing and COLAs established in LD 1776.	\$ 9,737,005	\$ 12,274,882
<b>SUBTOTAL</b>	<b>\$ 9,737,005</b>	<b>\$ 14,481,642</b>
<b>Funding the Waitlists</b>		
Eliminating the waitlist for Section 21, Home and Community Based Services Comprehensive Waiver.	\$ 18,313,544	\$ 22,751,187
Eliminating the waitlist and increasing the number of individuals served in Section 20, Other Related Conditions waiver.		\$ 899,878
Eliminating the waitlist and increasing the number of individuals served in Section 18, Brain Injury Residential Services.	\$ 866,773	\$ 1,732,119
Eliminating the waitlist for Section 19, Physically Disabled and Elderly and Adults with Disabilities waiver.	\$ 960,898	\$ 941,662
<b>SUBTOTAL</b>	<b>\$ 20,141,215</b>	<b>\$ 26,324,846</b>

INITIATIVE	FY 2016	FY 2017
<b>Medicaid Payment Reform</b>		
Eliminating separate facility fee payments for hospital-compensated physicians and creating parity between hospital-compensated and private practice physicians.	\$ (4,370,309)	\$ (4,347,020)
Requiring all community-based behavioral health services to be billed under Section 65 of the MaineCare Benefits Manual.	\$ (824,002)	\$ (819,611)
Reimbursing Critical Access Hospitals at 101% of cost (currently 109% of cost).	\$ (2,554,756)	\$ (2,541,142)
Reducing the reimbursement rate for Medication Management Services under Section 65 of the MBM.	\$ (3,206,083)	\$ (3,188,998)
Reducing reimbursement for Day Treatment, Home and Community Treatment Section 65 and Community Wrap Around under Section 28.	\$ (5,393,570)	\$ (5,360,410)
Elimination of reimbursement for methadone clinics.	\$ (726,921)	\$ (867,657)
State funded long-term care program changes (RAC-53).	\$ (593,750)	\$ (712,500)
Reducing reimbursement for non-emergent ED visits.	\$ (1,157,315)	\$ (1,534,864)
Changing the disability determination to 90 days (currently 45 days).	\$ (303,553)	\$ (364,264)
Aligning MSP eligibility to federal minimum standards.	\$ (20,234,554)	\$ (24,155,761)
Aligning DEL eligibility to federal minimum standards for MSP.	\$ (1,650,967)	\$ (1,981,160)
Reducing DEL asset test to align with MSP.	\$ (709,310)	\$ (851,173)
<b>SUBTOTAL</b>	<b>\$ (41,725,090)</b>	<b>\$ (46,724,560)</b>

INITIATIVE	FY 2016	FY 2017
<b>Fund for a Healthy Maine</b>		
Repurposing of Funds in the Fund for a Healthy Maine account from indirect services to direct services: Community School Grants.	\$ (4,780,324)	\$ (4,788,746)
Repurposing of Funds in the Fund for a Healthy Maine account from indirect services to direct services: Tobacco Prevention & Control.	\$ (4,184,937)	\$ (4,184,937)
Repurposing of Funds in the Fund for a Healthy Maine account from indirect services to direct services: Immunization Program.	\$ (1,078,884)	\$ (1,078,884)
<b>SUBTOTAL</b>	<b>\$ (10,044,145)</b>	<b>\$ (10,052,567)</b>
<b>Welfare Reform</b>		
Eliminating TANF, SNAP and State Supplemental Benefits for non-citizens.	\$ (1,763,525)	\$ (2,351,366)
Reforming the General Assistance Program.	\$ (5,425,960)	\$ (5,425,960)
<b>SUBTOTAL</b>	<b>\$ (7,189,485)</b>	<b>\$ (7,777,326)</b>
<b>Riverview &amp; Dorothea Dix Hospitals</b>		
Funding for improved safety and quality at Riverview.	\$ 3,578,773	\$ 3,363,221
<b>SUBTOTAL</b>	<b>\$ 3,578,773</b>	<b>\$ 3,363,221</b>
<b>FMAP Adjustment</b>		
Adjustment of General Fund request based on the most recent Federal Medical Assistance Percentage (FMAP) calculation for Maine.	\$ (16,493,132)	\$ (21,456,186)
<b>SUBTOTAL</b>	<b>\$ (16,493,132)</b>	<b>\$ (21,456,186)</b>
<b>Personal Services Funding Split Adjustments</b>		
Reallocation of Office of Child and Family Services positions based on eligible grant funding.	\$ 4,465,411	\$ 4,537,857
Providing funding for personal services to reflect more accurately actual funding splits between state and federal funds.	\$ (125,936)	\$ (175,253)
<b>SUBTOTAL</b>	<b>\$ 4,339,475</b>	<b>\$ 4,362,604</b>
<b>All Other Initiatives</b>		
Sum of other DHHS initiatives not captured in this document.	\$ 12,650,863	\$ 12,556,858
<b>SUBTOTAL</b>	<b>\$ 12,650,863</b>	<b>\$ 12,556,858</b>
<b>TOTAL</b>	<b>\$ 2,921,014</b>	<b>\$ 3,678,100</b>

# DHHS BUDGET INITIATIVES FOR FISCAL YEARS 2016-2017

## Executive Summary

*For too long, DHHS has been too busy bailing out the boat to chart a course for Maine's future. In the upcoming biennium, we are pleased to be in a position where the state's Medicaid budget is under control; program enrollment and expenditures are at a sustainable level; and the Department can redirect General Fund dollars to other key priorities, such as funding the wait lists for services for the elderly and disabled, continued support for Maine's nursing homes, and expanding access to primary care.*

### Medicaid Spending Stabilized:

- Spending and enrollment doubled from 2000 to 2011; spending grew by more than \$1 billion, increasing Maine's tax burden and taking state General Fund resources from other state priorities.
- Governor LePage has moved us from decades of financial crisis in Medicaid to financial stability.
- Hospital debt of \$750 million was paid and bills are now paid on time.
- Maine's Medicaid program is no longer staring at a sea of red ink.

### Investing in Critical Priorities – Key FY 16/17 Budget Proposals:

- **\$46 million** to fund vital services for the elderly and disabled.
- **\$24 million** in additional funding for nursing homes.
- **\$28 million** to ensure quality access to Primary Care.
  - Replaces expiring federal funds with state funds to reimburse Primary Care Providers at 100% of Medicare rates and supports continuation of Health Homes.
- **\$14 million** to fund mental health services required under the Consent Decree.

## WHERE WE'VE BEEN

### Out-of-Control Medicaid Spending

Due to repeated expansions to able-bodied adults, Maine's Medicaid program more than doubled in size from 164,000 enrollees in 2000 to 355,000 in 2011. The cost doubled, as well, from \$1.2 billion in 2001 to \$2.4 billion in 2011. Maine ranked third in the nation for Medicaid enrollment, and welfare spending consumed more of the state budget in just one other state. Meanwhile, elderly and disabled Mainers faced long waitlists for essential services and inadequate nursing home funding.

### Massive Debts and Shortfalls

Prior to the LePage Administration, Maine covered its unsustainable welfare spending by leaving hospital bills unpaid, cutting reimbursement levels to providers, increasing taxes and neglecting other priorities such as roads and bridges, schools, natural resources, and economic development. In state fiscal year 2012, Maine faced a \$220 million Medicaid shortfall.

### This Year, It's Different

DHHS has spent the past four years stabilizing welfare spending, instituting sophisticated MaineCare budget forecasting, and re-prioritizing our resources to get back to our core mission of helping the neediest and most vulnerable Mainers.

We are proud to report that DHHS now faces a minimal structural budget gap for Fiscal Years 2016-2017, allowing us to invest in key healthcare and social service priorities rather than managing to a crisis and rushing to fund a shortfall. This also supports the State's ability to evaluate and manage other critical priorities elsewhere in state government.

*Source: DHHS, CMS and U.S Census data*

## WHERE WE'RE GOING

*The primary mission of DHHS is to care for Maine's most vulnerable citizens. This budget contains several bold initiatives to turn that promise into a reality. To date, DHHS has reduced the number of individuals on waitlists for home and community based services by more than 1,000 individuals. In this budget, we provide funding to provide these critical services for those who need them. Last summer, we received temporary funding to increase nursing facility reimbursement to help address the dire financial situation, with several facilities on the brink of closure. With this budget, DHHS is prioritizing the permanent funding of more than \$25 million to ensure Maine's elderly citizens have the care they need and deserve.*

### Funding Maine's Waitlists

This budget provides funding to assist thousands of Mainers who are on waitlists for home and community based services through Medicaid waivers section 18, 19, 20, and 21. This initiative will provide funding for all those individuals on the waitlists who need these services.

**Funding Maine's Waitlists for Disabled and Elderly:**

**FY16: \$20.14 million    FY17: \$26.32 million**

### Increased Nursing Home Funding

This budget prioritizes the elderly and helps to support nursing homes by providing ongoing funding to increase their Medicaid reimbursement rates and establishing a special grant program for rural nursing homes.

**Additional Nursing Home Funding:**

**FY16: \$9.74 million**

**FY17: \$12.27 million**

**Remote Access Facility Grant:**

**FY17: \$2.21 million**

### Increased Access to Primary Care and Preventive Services

While many states are slashing primary care provider rates (PCP) and preventive services in order to fund Medicaid expansions to larger populations, Maine is taking the opposite tack in this budget. In order to reduce the cost of health care and improve outcomes, we use state funds to make up for a loss in federal funding under the Affordable Care Act to maintain 100 percent reimbursement at Medicare rates for PCPs and to continue support for Health Homes, which integrate care for heavy utilizers of Medicaid services.

**Funding Health Homes:**

**FY16: \$5.64 million**

**FY17: \$7.84 million**

**Maintaining PCP Reimbursement:**

**FY16: \$7.45 million**

**FY17: \$7.41 million**

**Funding Services Under the Consent Decree**

This budget fully funds services required under the Consent Decree for mental health services. It also provides additional funding for the Bridging Rental Assistance Program (BRAP) to help former mental health patients live independently.

<b>Funding for Consent Decree Services:</b>	<b>FY16: \$5.80 million</b>	<b>FY17: \$5.80 million</b>
<b>Additional BRAP funding:</b>	<b>FY16: \$1.23 million</b>	<b>FY17: \$1.23 million</b>

**Riverview Psychiatric Recovery Center**

The LePage Administration is committed to continuing with the critical improvements necessary for the transformation of Riverview Psychiatric Recovery Center into a center of excellence for the treatment and care of Maine’s most psychiatrically challenged citizens. Progress is well underway, and the Governor’s budget proposal reflects many of these changes to make the hospital safer and more effective in the delivery of evidence based treatment options. Among other initiatives, the hospital will be adding 12 new acuity specialists, expanding its psychology program through the addition of post-doctoral fellows in psychology, and maintaining its strong historical ties with Dartmouth University’s Medical School.

**HOW WE’LL GET THERE**

*Paying for the critical reforms described above requires the innovative measures and sensible spending proposals outlined below. We have identified areas where bringing Maine toward the national mainstream for program eligibility can free up resources to provide Maine’s most vulnerable citizens with the services they need.*

**Reducing Reimbursement for Non-Emergency ED Visits**

As part of a larger effort to reduce health care costs, this budget would reimburse providers for non-emergent Emergency Department visits at a rate equal to that of primary care visits. This encourages providers to focus on primary care while bringing parity to Medicaid reimbursement.

<b>ED Reimbursement Reform:</b>	<b>FY16: (\$1.16 million)</b>	<b>FY17: (\$1.53 million)</b>
---------------------------------	-------------------------------	-------------------------------

**Further Reforming Maine’s Welfare System**

In an effort to curb massive *post-recession* growth in General Assistance (GA) spending, this budget reforms GA payments to municipalities to provide a larger, 90 percent match up front and a smaller, 10 percent match once the municipality reaches 40 percent of its six-year GA spending average. This eliminates a perverse incentive among cities to pay out more in welfare benefits and institutes a new incentive to contain welfare spending. Savings realized from this reform will be directed to fund the Section 21 waitlist for developmentally disabled individuals. The budget also includes the elimination of TANF and General Assistance benefits for non-citizens.

<b>Reforming General Assistance:</b>	<b>FY16: (\$5.43 million)</b>	<b>FY17: (\$5.43 million)</b>
<b>Eliminating Welfare for Non-Citizens</b>	<b>FY16: (\$1.76 million)</b>	<b>FY17: (\$2.35 million)</b>

**Parity for Physician Reimbursement**

This budget brings parity to Medicaid’s system of reimbursing physicians by eliminating “separate facility” fees paid to hospital-compensated physicians. All doctors will be reimbursed the same amount by Medicaid, whether they work in a hospital or in a family practice.

<b>Eliminating Separate Facility Fee:</b>	<b>FY16:</b>	<b>FY17:</b>
	<b>(\$4.37 million)</b>	<b>(\$4.35 million)</b>

**Aligning MSP/DEL Eligibility to Federal Standards**

In order to fully fund nursing homes and improve care to Maine’s elderly; this budget proposes to align Medicare Savings Plan and the Drugs for the Elderly program eligibility with federal standards. Currently, Maine is one of only *two states* to pay higher than the federal minimum. Aligning this benefit with nationwide norms will pay for our entire nursing home initiative, plus all waitlists outside of Section 21.

<b>Re-aligning MSP/DEL from Outlier Status to Federal Norms:</b>	<b>FY16: (\$21.89 million)</b>	<b>FY17: (\$26.14 million)</b>
--	--------------------------------	--------------------------------

**Reduced Reimbursement for Home Care Sections 28 and 65**

In order to fully fund home care services for disabled Mainers, moving them off of waitlists, this budget proposes to reduce provider reimbursement for Section 65 medication management, day treatment, home and community treatment, and community wrap around under Section 28.

<b>Sec. 65 Med Management</b>	<b>FY16: (\$3.21 million)</b>	<b>FY17: (\$3.19 million)</b>
<b>Sec. 65 &amp; 28 Day, Home and Wrap Around</b>	<b>FY16: (\$5.4 million)</b>	<b>FY17: (\$5.36 million)</b>

**Transfer from Fund for a Healthy Maine**

The budget repurposes funds from the Fund for a Healthy Maine (FHM) to support initiatives, such as primary care reimbursement rates and Health Homes that are designed to improve health outcomes.

<b>Transfer from FHM</b>	<b>FY16: (\$10 million)</b>	<b>FY17: (\$10 million)</b>
--------------------------	-----------------------------	-----------------------------

# Forecasting MaineCare – Accurately Predicting and Managing Expenditures in Maine’s Medicaid Program

---

## Background

During 2012, the Maine Department of Health and Human Services, began utilizing the Holt-Winters forecasting algorithm to augment the Department’s forecasting of MaineCare expenditures.

## Holt-Winters Triple Exponential Smoothing

The Holt-Winters method, as employed by the Department, is a time-series algorithm that can recognize and capture three primary facets of datasets—past performance, trend and seasonality—otherwise known as triple exponential smoothing.

- Triple exponential smoothing means that, in addition to considering past results to predict future outcomes, Holt-Winters detects subtle changes in trend and seasonality to produce the most likely future costs of Maine’s Medicaid program.
- The Department’s MaineCare Financial Analysis Group runs the MaineCare Forecast semiannually. With each iteration, the forecast becomes more accurate, as Holt-Winters is considering an increasingly large dataset of actual expenditures.
- To achieve superior accuracy, the MaineCare Financial Analysis Group structures the forecast such that it considers the top 75 individual cost-drivers of State Medicaid spending at an Object Code level to predict program outcomes. The forecast’s granularity has enabled DHHS to predict program expenditures within 1.5 percent of overall MaineCare spending.

## DHHS MaineCare Forecast Team

The MaineCare Forecast is administered and supported by talented, experienced personnel from across the Department.

- The forecast represents a strong, collaborative effort between the MaineCare Financial Analysis Group and the Office of MaineCare Services Data Analytics Group as well as Licensing, Eligibility, Rate Setting, Audit and DAFS Financial Service Center professionals.
- Socializing the forecast among this large group of individuals, which occurs following algorithmic smoothing of the data, provides for a system of checks and balances with significant dialogue, visibility and transparency.

## Reviewing the Algorithmic Results

Internal discussions supporting the MaineCare Forecast take place over several months.

- During those meetings, the MaineCare Forecast Team reviews year-over-year policy changes affecting MaineCare utilization, including planned changes to rates, audits, state laws, federal laws, MaineCare policy, eligibility changes and other changes that have an impact on the program.
- The team conducts formal analysis of national data and trends to identify drivers of differences between Maine data benchmarks and national averages. Variables affecting such discrepancies include national unemployment figures, demographic factors, census data information, changes in policy or payment method, CMS benchmarks, and Kaiser Family Institute analysis of national data.
- This subjective step creates handshakes that either affirm the Department’s forecasted results or create questions that trigger further research and discussion to resolve variations.

## Finalizing the Forecast

The final steps in the MaineCare Forecast attribute costs—on a month-by-month basis—to state, federal and special revenue accounts.

- The MaineCare Forecast Team uses a sample of AdvantageME actual costs as an allocation base to spread the forecast to the rest of the account string, absent consideration of fund (i.e., state, federal or special revenue funds).
- The forecast then attributes the resulting data set to the various funds using an FMAP crosswalk that codes the costs to the funds in a manner similar to that of the MIHMS claims matrix. Upon completion, the forecast is populated to the entire accounting string, to each of the 52 cycles of the year and is based on actual CMS-published FMAP rates.

**TRADITIONAL:** Adults and Children in receipt of a financial benefit (TANF, IV-E), Aged and Disabled Persons in receipt of a financial benefit (SSI, SSI Supplement), Institutionalized Persons (NF), and Others not included below. See DETAIL tab for groupings.

**MEDICAID EXPANSION CHIP** Children with family incomes above 125/133%, based on age, and up to and including 150% of the Federal Poverty Level (FPL)

**CUB CARE** Children with family incomes above 150% and up to and including 200% of FPL

**PARENT EXP 101-150% FPL** Persons who function as the primary caretakers of dependent children and whose income is above 100% and up to and including 150% of FPL

**PARENT EXP 151-200% FPL** Effective January 1 2014, parents/caretakers relatives with income >100% FPL are no longer eligible for MaineCare coverage.

**PARENT EXP 201-250% FPL** Roughly 75% of these people moved to transitional Medicaid and 25% moved into new aid codes. During Jan 2015, the transitional costs are expected to roll off.

**PARENT EXP 251-300% FPL** Persons who function as the primary caretakers of dependent children and whose income is above 150% and up to and including 200% of FPL

**PARENT EXP 301-350% FPL** Effective March 1 2013, parents/caretakers relatives with income >133% FPL were are no longer eligible for MaineCare coverage.

**NON-CAT EXP 125% FPL** Roughly 75% of these people moved to transitional Medicaid and 25% moved into new aid codes. During Mar 2014, the transitional costs are expected to roll off.

**MSP & DEL** Persons who are over 21 and under 65, not disabled, not the primary caretakers of dependent children, and whose income is not more than 125% of FPL

This group lost eligibility Jan 1 2014 and cannot flow into other services including Transitional Medicaid.

Persons eligible for Medicaid, but not for "full benefits" (e. g., OMBY, SLMB, CU) who meet the criteria for participation in DEL and/or Maine Rx
