

## FAMILY CHILD CARE PROVIDER TRAINING LOG

**Training Documentation Suggestions:** Please keep this form on file for your licensing worker to review annually. CPR and First Aid training are not included in the annual 12 hour training requirement. Training topics shall be related to child care, child development and/or operating a child care. Approved forms of training include workshops, books, magazine and journal articles, Child Care conferences, college courses, public television offerings, and research done on the internet. Helpful internet sites to start with include: [www.naeyc.org](http://www.naeyc.org) [www.earlychildhoodnews.com](http://www.earlychildhoodnews.com) [www.ericeece.org](http://www.ericeece.org) and searches under Early childhood and preschool education, and development. Your licensing worker may have additional suggestions.

**Provider Name** **Certificate #** **Exp. Date**

---

| Date of Training | Title of Training | Purpose | Training Hrs |
|------------------|-------------------|---------|--------------|
|                  |                   |         |              |
|                  |                   |         |              |
|                  |                   |         |              |
|                  |                   |         |              |
|                  |                   |         |              |
|                  |                   |         |              |
|                  |                   |         |              |
|                  |                   |         |              |
|                  |                   |         |              |
