Mr. Larry Carbonneau
Maine Licensing and Regulatory Services
State House Station #11
41 Anthony Avenue
Augusta Maine 04333

Reference: Radiology Department

Dear Mr. Carbonneau:

On June 22nd we spoke on the phone regarding a Radiology Department renovation we're doing here at Franklin Community Health Network. I'd received a letter from Anne Flanagan approving the plans, but she recommended that I contact your office to determine applicability of the Maine Certificate of Need Act – 2002.

The total estimated cost of the project, including the new Digital X-Ray machine is \$600,000. In our conversation you confirmed that the project does not require a review from your office. I just wanted to confirm that your decision still stands.

I have included the drawings in case you want to take a look at the proposed changes. The two affected areas are circled on the enclosed plans. Walls that are being demolished are shown as dashed lines.

Would you please send your approval in writing so I can add it to the project file? If you have any questions regarding this issue, or if you require any further information please do not hesitate to contact me at (207) 779-2501.

Sincerely,

Wallace R. Pooler
Chief of Facilities Management
