Re: Letter of Intent to Purchase 16 Slice CT Scan to be placed Into Service In  
Marshwood Facility by Insight Premier.

Dear Mr. Keaten:

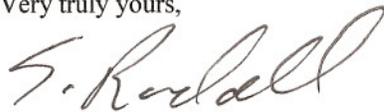

Please accept this Letter of Intent under the Maine Certificate of Need Law filed on behalf of  
Insight Premier Health, LLC ("InSight"). InSight respectfully requests a determination from the  
Department regarding the applicability of the Certificate of Need law to the proposed project described  
below within the Small Project Review Cycle.

InSight plans to purchase and place into service a 16 Slice CT scan unit at its Marshwood location.  
The equipment proposed to be placed into service will cost approximately \$500,000 and will have 3<sup>rd</sup> year  
operating expenses under \$300,000.

We would be available to meet with the Department within 30 days of filing the Letter of Intent.  
InSight intends to file the complete CON application 10 days prior to the beginning of the applicable  
review cycle. We understand the applicable review cycle to begin in April for small projects and would  
anticipate having a Certificate of Need application filed by mid-March if required.

Please feel free to call me if you have any questions.

Very truly yours,

Stephen T. Randall  
Director, Operations  
InSight- Premier Health LLC
