Re: Letter of Intent to Replace Linear Accelerator(s)

Dear Mr. Carbonneau:

We are pleased to submit this Letter of Intent to file a CON Application to replace two existing linear accelerators that were previously granted Certificate of Need approval.

The estimated total capital cost for each replacement project is \$3 million dollars with an estimated incremental third-year operating costs for the project of \$300,000.

It appears these projects could be reviewed under Title 22 Sec. 335(9) or Sec 336 (5).

We look forward to scheduling a technical assistance meeting and anticipate submitting an application for review by the CON Unit during the first quarter of 2011.

Thank you for your attention to this matter and, if you should have any questions, please do not hesitate to contact me.

Sincerely,

Chuck Gill
Vice-President of Public Affairs
