

Section O Activity Sheet

Instructions

1. Read the scenario below.
2. Calculate the number of minutes of therapy for each service provided.
3. Code O0400 in your MDS 3.0 instrument according to the results of your calculation and using the information provided in the scenario.
4. You may work individually or in pairs/ groups.

Scenario

Following a stroke, Mrs. F. was admitted to the skilled nursing facility in stable condition for rehabilitation therapy on 10/06/10 under Part A skilled nursing facility coverage. She had slurred speech, difficulty swallowing, severe weakness in both her right upper and lower extremities, and a Stage III pressure ulcer on her left lateral malleolus. She was referred to SLP, OT, and PT with the long-term goal of returning home with her daughter and son-in-law.

Her initial SLP evaluation was performed on 10/06/10, the PT initial evaluation on 10/07/10, and the OT initial evaluation on 10/09/10. She was also referred to recreational therapy and respiratory therapy. The interdisciplinary team determined that 10/17/08 was an appropriate ARD for her Medicare-required 14-day MDS.

During the look-back period, she received the following:

1. Speech-language pathology services
 - Individual dysphagia treatments
 - Monday - Friday for 30-minute sessions each day
 - Cognitive training
 - Monday and Thursday for 35-minute concurrent therapy sessions
 - Tuesday, Wednesday and Friday 25-minute group sessions
 - Individual speech techniques
 - Tuesday and Thursday for 20-minute sessions each day.
2. Occupational therapy services
 - Individual sitting balance activities
 - Monday and Wednesday for 30-minute co-treatment sessions with PT each day (OT and PT split the sessions, with OT recording 20 minutes each session and PT recording 10 minutes each session.)
 - Individual wheelchair seating and positioning
 - Monday, Wednesday, and Friday for the following times: 23 minutes, 18 minutes, and 12 minutes.

Section O Activity Sheet

- Balance/coordination activities
 - Tuesday-Friday for 20 minutes each day in group sessions.
- 3. Physical therapy services
 - Individual wound debridement followed by application of routine wound dressing
 - Monday the session lasted 22 minutes, 5 minutes of which were for the application of the dressing
 - Thursday the session lasted 27 minutes, 6 minutes of which were for the application of the dressing
 - For each session the therapy aide spent 7 minutes preparing the debridement area (set-up time) for needed therapy supplies and equipment for the therapist to conduct wound debridement.
 - Individual sitting balance activities
 - Monday and Wednesday for 30-minute co-treatment sessions with OT (OT and PT split the sessions, with OT recording 20 minutes each session and PT recording 10 minutes each session.)
 - Individual bed positioning and bed mobility training
 - Monday-Friday for 35 minutes each day
 - Concurrent therapeutic exercises
 - Monday-Friday for 20 minutes each day.
- 4. Respiratory therapy services
 - Sunday-Thursday for 10 minutes each day.
- 5. Psychological therapy services were not provided.
- 6. Recreational therapy services
 - Tuesday, Wednesday, and Friday for 30-minute sessions each day.
