- 6 **Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 **State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report.
- 8 **Facility reporting group(s).** If applicable, for each hospital facility in a facility reporting group provide the descriptions required for Part V, Section B, lines 1j, 3, 4, 5c, 6i, 7, 10, 11, 12h, 14g, 16e, 17e, 18e, 19c, 19d, 20d, 21, and 22.

Part I, Line 7: The costing methodology for the amounts reported in Part I, line 7 of the Schedule H is based on a ratio of patient care cost to charges. This cost to charge ratio was derived from Worksheet 2, Ratio of Patient Care Cost-to-Charges provided in the instructions for Schedule H. The cost to charge ratio was calculated using internal cost accounting data for the subsidized health services included in the community benefit.

Part I, Line 7g: The Organization has included costs associated with primary care (Family practice, Pediatrics, Internal Medicine and Women's Care), Behavioral Services, Child & Adolescent Developmental Pediatrics and physical therapy services provided in Rangeley, ME as subsidized health services.

Part II: See 990, Schedule H, Part VI, line 5.

Part III, Line 4: Franklin Memorial Hospital used the RCC calculated from Worksheet 2 and multiplied it by the bad debts expense per the financials. Bad debts include 100% of the charges written off due to no

Part VI Supplemental Information

payment. If a payment is made on a bad debt account, then that payment reduces the bad debt expense in the year received.

Bad debt expense represents healthcare services that Franklin Memorial Hospital has provided without compensation. As a tax-exempt hospital, Franklin Memorial Hospital provides necessary patient care regardless of the patient's ability to pay for the services. A portion of Franklin Memorial Hospital's bad debt expense is attributable to patients eligible for financial assistance that for a variety of reasons, do not complete the financial assistance application process. Franklin Memorial Hospital cannot determine the amount of bad debt expense that could be reasonably attributable to patients who likely would qualify for financial assistance under the Franklin Memorial Hospital's free care policy.

Part III, Line 8: The Medicare Principles of Reimbursement were used to determine the Medicare inpatient and outpatient costs based on the Organization's cost report.

Part III, Line 9b: Patient balances are screened for eligibility for financial assistance by outside collection agency and are transferred back to Franklin Memorial Hospital for follow up with a counselor as needed. Balances that are owed to the Hospital after applying any financial assistance are collected in the same manner as any other self pay balances.

Franklin Memorial Hospital:

Part V, Section B, Line 3: The working group for developing the community health needs assessment consisted of persons who are considered

public health experts, such as Meredith Tipton, PhD MPH, Associate Dean for Community Programs, University of New England, FCHN Board Member; Sarah Martin, PhD Epidemiology, Healthy Community Coalition, Husson College School of Pharmacy; and Michael Rowland, MD MPH, Vice President Medical Affairs, Franklin Memorial Hospital.

The working group took input from various community groups interested in promoting wellbeing of the population in our community, including:

- FCHN Board, representing communities in Franklin county
- Healthy Community Coalition Board, representing diverse groups involved with health improvement
- Franklin Health Collaborative, representing health-related organizations and initiatives county-wide (Long-term care, home health, public health nursing, mental health agencies, school districts, domestic violence victim advocacy, emergency response services, University of Maine at Farmington, Franklin County Children's Task Force, Western Mountains Alliance)
- FMH Primary Care service, representing primary care providers in Franklin county
- Western Maine Public Health District, coordinating regional health improvement work with Maine CDC

In addition to numerous face-to-face meetings with the community groups identified above, direct input from community members was obtained via community survey, conducted by Healthy Community Coalition in 2013, meetings with Franklin Health Patient Advisory group and Community Visioning public meetings conducted every 2 years.

Part VI Supplemental Information

Franklin Memorial Hospital:

Part V, Section B, Line 7: CHNA identified several community needs for which other agencies are taking a leading role with Franklin Memorial Hospital taking a supporting role.

Domestic violence - 3 organizations are actively working in this area; Children's Task Force, Sexual Assault Victims Emergency Services, and Safe Voices. FCHN coordinates with these organizations through the primary care practices, and mutual inclusion of leadership at the board level.

Dental Care access - Community Dental is the lead agency for providing dental care to low income residents. FCHN has provided support through provision of low-cost dental office space.

High rate of Motor Vehicle Fatalities - Our research indicated that poor winter road conditions and large wildlife were the root cause in most cases. Only 6% of highway fatalities involved intoxication. The lead agency to address these issues is the Maine Highway administration.

Franklin Memorial Hospital:

Part V, Section B, Line 14g: Franklin Memorial Hospital takes a number of steps to publicize the availability of the financial assistance to patients:

- 1. Notices of the availability of financial assistance are posted in

**Part VI** Supplemental Information

locations within the hospital at which members of the public generally transact business with the Hospital or present themselves to receive or request hospital services, including admitting areas, waiting rooms, business offices and outpatient reception areas.

2. With respect with inpatient admissions, individual written notice of the availability of financial assistance is presented to each patient upon admission or in the case of emergency admission before discharge. In addition, all uninsured inpatients are visited by an Advanced Patient Advocacy representative to discuss availability of financial assistance and government coverage options.

3. Availability of financial assistance is publicized on the patient invoices supplying patients with a contact number to obtain further information about available options.

4. Financial assistance options are outlined on the hospitals' website and are readily available to the public.

5. Rack cards & Financial Assistance Applications are located throughout the Hospital & physician practices

6. Hospital booklets are available in all patient rooms with a section regarding Financial Assistance

7. Business office staff and contracted third party collection agency notify all patients with self pay balances about Hospital's financial assistance resources and encourages them to apply for such assistance.

**Part VI** Supplemental Information

Part VI, Line 2: The Franklin Memorial Hospital Network conducts a health visioning process every two years that is used to identify needs and perceived priorities in the community. A physician survey is conducted periodically to assist in gathering information about clinical care needs, referral patterns, specialist needs, etc. The Long-Range Planning Committee, board of directors, and senior leadership use this and other data in developing goals and priorities, making decisions, and setting long-term goals and strategies. The Organization seeks to meet the needs of the population whenever feasible through direct provision of services, contractual relationships, or through referral.

Part VI, Line 3: When patients are registered there are brochures available that describe Franklin Memorial Hospital's charity care programs. When a patient is admitted with no insurance, registration sends a financial counselor up to the patient's room to meet the patient. Each bill provided to a patient has the phone number to call if the patient needs financial assistance. The Organization's billers also refer patients to the Organization's financial counselors when a patient is identified as needing assistance. The Organization's pre-collection and collection agencies also educate patients and help to set them up with financial assistance when needed.

Part VI, Line 4: Franklin Memorial Hospital's service area covers 2,200 square miles which extends to the Canadian border. It is one of the most rural and economically challenged regions in Maine, including several areas that have been federally designated as health professional shortage

and medically underserved areas.

Part VI, Line 5: Community Building

Economic Development:

- 1. Member of Greater Franklin Development Corporation - an organization committed to economic development

Community Support:

- 1. Perform disaster drills with the community 1-2 times a year
- 2. Community Dental (provide low cost rental space)

Coalition building:

- 1. Healthy Community Coalition of Greater Franklin County, founded in 1989, is one of the oldest health coalitions in the country. Its mission is to measurably improve the well-being of all people in Greater Franklin County and neighboring towns using a coordinated public health approach of education, promotion, and outreach. With its qualified staff of public health professionals, Healthy Community Coalition offers health screenings, health information, and programs and events to support healthy lifestyles that prevent disease and improve quality of life. Its community outreach efforts appear in every town and corner of the region.

Part VI Supplemental Information

In the past year, more than 8,000 individuals benefited from the outreach activities of the Coalition with 2,500 seeking services of the Mobile Health Unit, where health risk appraisals (HRAs) are routinely offered. HRAs include a blood pressure and cholesterol check and individualized health education. Additional outreach events were held throughout the region such as: bone density screenings, flu immunizations, body composition analyzation, free clinical breast exams, education on tobacco, nutrition, physical activity and substance abuse, and education on the prevention of breast, cervical, colon, lung, prostate, and skin cancer.

2. AHEC Education Center - Established in 2004 the Franklin AHEC program was developed out of great interest from employees and community members requesting local opportunities to pursue careers in the health field and educational programs for retention and professional growth. The Franklin AHEC allows us to meet the needs of the rural population. It also brings to the Maine AHEC Network the resources of a large innovative rural health system that include a community hospital, Maine's oldest Healthy Community Coalition and the Ben Franklin Center which houses a state of the art education center, medical library facilities, and distance learning opportunities. The program has greatly expanded to include many aspects and activities for retention and recruitment for health careers in our vast rural catchment area. Becoming an AHEC center allows us to partner with youth programs, public schools, multiple colleges, adult education, a local career center and other health career programs to offer community members, displaced workers and current healthcare employees the opportunity to continue or pursue careers.

3. HealthInfoNet: Thirty-four out of thirty-eight Maine hospitals,

Part VI Supplemental Information

including FMH, and hundreds of physician practices in Maine now have access to a new consolidated electronic health record made possible by HealthInfoNet that contains critical information drawn from records that have traditionally been separately maintained in physician practices, hospitals and other settings. Armed with more complete and timely information about a patient, clinicians can provide better quality care and improve the coordination of care, particularly for those patients who see several providers and receive care in more than one community or setting.

4. ScoreHealth Screenings - ScoreHealth is a health risk assessment program that helps individuals evaluate many different areas affecting their health, including but not limited to diabetes, cancer, asthma and osteoporosis. The screenings are offered part of the mobile health outreach program conducted by the Healthy Community Coalition of Greater Franklin County and offer cholesterol, blood pressure, BMI and bone density assessments along with counseling on tobacco use and exposure, benefits of physical activity, healthy nutrition and stress management.

5. Health Works! Worksite Wellness Award Program is a new and free award program offered by Healthy Community Coalition of Greater Franklin County. The award program provides businesses and organizations with the opportunity to be recognized as a community leader in health promotion. The purpose of the Healthy Maine Works (HMW) is to guide and support Maine employers in developing worksite wellness programs that support the health of employees. HMW is a project of Maine's Center for Disease Control, Office of Substance Abuse, and Department of Education and is delivered in collaboration with local Healthy Maine Partnerships across the state.
