INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Down East Community Hospital and Subsidiary

We have audited the accompanying financial statements of Down East Community Hospital and Subsidiary (the Hospital), which comprise the consolidated balance sheets as of December 31, 2013 and 2012, and the related consolidated statements of operations, changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Down East Community Hospital and Subsidiary as of December 31, 2013 and 2012, and the results of its operations, changes in its net assets and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

DOWN EAST COMMUNITY HOSPITAL AND SUBSIDIARY

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

In evaluating the collectibility of accounts receivable, the Hospital analyzes past results and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Data for each major payor source is regularly reviewed to evaluate the adequacy of the allowance for doubtful accounts. For receivables relating to services provided to patients having third-party coverage, the Hospital analyzes contractually due amounts and provides an allowance for doubtful accounts and a corresponding provision for bad debts at varying levels based on the age of the receivables and payor source. For receivables relating to self-pay patients and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill, the Hospital records a provision for bad debts in the period of service based on past experience, which indicates that many patients are unable or unwilling to pay amounts for which they are financially responsible. Actual write-offs are charged against the allowance for doubtful accounts.

The allowance for doubtful accounts was \$2,776,391 and \$2,775,075 at December 31, 2013 and 2012, respectively. Gross self-pay accounts receivable were approximately \$2,628,000 and \$2,699,000 at December 31, 2013 and 2012, respectively. During 2013 and 2012, self-pay write-offs were \$3,593,342 and \$3,337,078, respectively, which include accounts written off to charity care.

Supplies

Supplies are carried at average cost.

Assets Limited As To Use

Assets limited as to use are primarily cash, equity securities and debt securities. Investments in equity securities with readily determinable fair values, and all investments in debt securities, are recorded at fair value.

Realized gains or losses on the sale of investments are determined by use of average cost. Unrealized gains and losses on investments are excluded from the deficiency of revenues, gains, and other support over expenses, and reported as an increase or decrease in net assets, except that declines in fair value that are judged to be other than temporary are reported within the deficiency of revenues, gains, and other support over expenses. Interest and dividends are reported as unrestricted other revenue or as increases in temporarily restricted net assets, as appropriate.

Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. As such, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the consolidated balance sheets and statements of operations. Investments are periodically reviewed for impairment to determine if such declines are other than temporary. At December 31, 2013, fair value exceeded historical costs for substantially all investments.

DOWN EAST COMMUNITY HOSPITAL AND SUBSIDIARY

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

Charity Care

The Hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Hospital does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

Donor-Restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received and the conditions are met. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statements of operations as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying financial statements.

Deficiency of Revenues, Gains, and Other Support Over Expenses

The consolidated statement of operations includes deficiency of revenues, gains, and other support over expenses. Changes in unrestricted net assets which are excluded from this measure include unrealized gains and temporary unrealized losses on investments, permanent transfers of assets, and unfunded pension liability adjustments.

Reclassifications

Certain amounts in the 2012 financial statements have been reclassified to conform with the current year's presentation.

Subsequent Events

The Hospital has considered transactions or events occurring through March 21, 2014, which was the date the financial statements were available to be issued.

2. Net Patient Service Revenue

The Hospital has agreements with third-party payors that provide for payments at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

- Medicare - The Hospital was granted Critical Access Hospital (CAH) status, effective August 1, 2005. Under CAH designation, the Hospital is reimbursed 101% of its allowable cost for inpatient and outpatient services rendered to Medicare patients.

DOWN EAST COMMUNITY HOSPITAL AND SUBSIDIARY

Notes to Consolidated Financial Statements

December 31, 2013 and 2012

The Hospital is subject to complaints, claims and litigation due to potential claims which arise in the normal course of doing business. GAAP requires the Hospital to accrue the ultimate cost of malpractice claims when the incident that gives rise to the claim occurs, without consideration of insurance recoveries. Expected recoveries are presented as a separate asset. Amounts accrued under this provision are included in other receivables and accrued expenses in the balance sheets and were \$917,000 and \$478,000 at December 31, 2013 and 2012, respectively.

Litigation

The Hospital is involved in litigation and regulatory investigations arising in the normal course of business. After consultation with legal counsel, management estimates that these matters will be resolved without material adverse effect on the future financial position or results from operations.

9. Employee Benefit Plans

Defined Benefit Pension Plan

Obligations and Funded Status

The Hospital sponsors a non-contributory defined benefit pension plan. The benefits are based on years of service and the employees' compensation during employment. The Hospital's funding policy is to contribute the amount recommended by the Hospital's actuary to fulfill requirements of the Employee Retirement Income Security Act of 1974.

On July 24, 2006, the Board of Trustees voted to curtail benefits under the plan effective September 30, 2006. All benefits for active employees became fully vested at that time. The projected benefit obligation at December 31, 2006 has been adjusted to reflect a curtailment gain of \$635,985, which is primarily due to the elimination of deferred losses. There are no immediate plans to settle the benefit obligation.

Financial Accounting Standards Board Accounting Standards Codification Topic 715, Compensation - Retirement Benefits, requires an employer to recognize the overfunded or underfunded status of a defined benefit postretirement plan (other than a multi-employer plan) as an asset or liability in its balance sheet and to recognize changes in the funded status in the year in which the changes occur. The funded status of a plan should be measured as of the date of the Hospital's year-end balance sheet, with limited exceptions.

Assumptions

The weighted average assumptions used in the measurement of the Hospital's benefit obligation at December 31 are shown in the following table:

	<u>2013</u>	<u>2012</u>
Discount rate	4.81 %	3.90 %

The weighted average assumptions used in the measurement of the Hospital's benefit net periodic benefit cost for the years ended December 31, 2013 and 2012 are shown in the following table:

	<u>2013</u>	<u>2012</u>
Discount rate	3.90 %	4.22 %
Expected long-term return on plan assets	7.50 %	7.50 %

The Hospital considers various factors in estimating the expected long-term rate of return on plan assets. Among the factors considered are the historical long-term returns on plan assets, the current and expected allocation of plan assets, input from actuaries and investment consultants, and long-term inflation assumptions. The expected allocation of plan assets is based on a diversified portfolio consisting of various mutual funds and investments with insurance companies.

Plan Assets

The Hospital's investment policy for its pension plan is to balance risk and return using a diversified portfolio consisting primarily of high quality equity and fixed income securities. To accomplish this goal, the plan's assets are actively managed by outside investment managers with the objective of optimizing long-term return while maintaining a high standard of portfolio quality and proper diversification. The Hospital monitors the maturities of fixed income securities so that there is sufficient liquidity to meet current payment obligations. The Hospital's Finance Committee provides oversight of the plan investments and the performance of the investment managers. The Hospital's pension plan asset allocation at December 31 is as follows:

<u>Asset Category</u>	<u>2013</u>	<u>2012</u>	<u>Target Range</u>
Equity securities	62 %	60 %	55 - 65%
Cash and fixed income securities	<u>38</u>	<u>40</u>	31 - 50%
Total	<u>100 %</u>	<u>100 %</u>

Labor Force

The Hospital's unionized labor workforce are members of the Maine State Nurses Association Local Unit #124 and Local Unit #210. The union contract has been negotiated through April 25, 2015.

12. Electronic Health Records Incentive Program

The Medicare and Medicaid electronic health record (EHR) incentive programs provide a financial incentive for achieving "meaningful use" of certified EHR technology. The Medicare criteria for meaningful use will be staged in three steps from fiscal year 2011 through 2015. The meaningful use attestation is subject to audit by CMS in future years. As part of this process, a final settlement amount for the incentive payments could be established that differs from the initial calculation, and could result in return of a portion or all of the incentive payments received by the Hospital.

The Medicaid program will provide incentive payments to hospitals and eligible professionals as they adopt, implement, upgrade or demonstrate meaningful use in the first year of participation and demonstrate meaningful use for up to five remaining participation years. There will be no payment adjustments under the Medicaid EHR incentive program.

During 2013 and 2012, the Hospital recorded meaningful use revenues of \$99,045 and \$672,430, respectively, from the Medicaid EHR program. During 2013, the Hospital also recorded meaningful use revenues of \$462,460 from the Medicare EHR program.
