

Notice of Agency Rule-making Proposal

AGENCY: Department of Health and Human Services,
Division of Licensing and Regulatory Services, Community Services Programs

RULE TITLE OR SUBJECT: 10-148 CMR Chapter 33, Rules for Family Child Care Providers.

PROPOSED RULE NUMBER: (LEAVE BLANK - ASSIGNED BY SECRETARY OF STATE)

CONCISE SUMMARY. Pursuant to Resolves 2007, ch. 199 mandated by the 123rd Legislature, the Department of Health and Human Services amends the family child care provider certification rules to regulate the use of lakes and ponds by children in the care of a certified family child care provider. Specifically, this rule: [1] eliminates the lifeguard requirement when family child care providers have off-site swimming activities at lakes and ponds; [2] requires providers to have a written water safety plan for swimming activities at lakes and ponds; [3] requires written parental permission before a child is allowed to participate in swimming activities at lakes and ponds; [4] requires written parental notice that there will be no lifeguard on duty at lakes and ponds during swimming activities; and [5] requires providers to rope off an area of the lake or pond for swimming activities that is no wider than 16 feet across at any point and partitions off a part of the water that is not deeper than 4 feet at any point.

THIS RULE WILL NOT HAVE A FISCAL IMPACT ON MUNICIPALITIES.

Economic impact on small businesses. [Applies to businesses with 20 or fewer employees.] Eliminating the requirement of a lifeguard when swimming at lakes and ponds should lessen the cost of compliance with the amended changes and DHHS has determined that the proposed rules implementing legislatively mandated requirements (explained above) can be performed within provider resources and no economic impact statement is required.
