

Information / Registration

May 24, 2013 • 8:00am - 5:00pm

Location:

Kaplan University
265 Western Avenue
South Portland, Maine

Spruce Radon Training

in cooperation with

Maine Department of Health and Human Services
Radiation Control Program

Radon Section

This training is supported in part by Maine DHHS, Radon Section using grant funding from the US EPA for the purpose of educating Maine residents on radon issues; and is open to Maine residents only.

Radon in Water

One-Day Course Approved for:

- 8 NRPP & NRSB Category I CE Credits
- 8 InterNachi CE Credits
- Accepted by all New England States

Instructor: Trudy Smith
Senior Training Specialist
Spruce Environmental Technologies

This one-day course is partial minimum training required for Maine radon water tester or water mitigator registration, and provides you with the knowledge and skills required to test for radon in water, evaluate its risk and determine a mitigation system for waterborne radon. The course covers the sources of radon in water, the current guidelines, and factors that govern system installation. You must also pass the course exam to become a Maine registered radon in water tester or radon in water mitigator. The exam is not required if the course is being taken as continuing education.

Course Time: 8:00am - 5:00pm

Exam Date & Time: May 24, 5:30pm

Course Fee: \$59.00 (*Without state support, fee would be \$185.00.*)

Exam Fee: \$45.00

IMPORTANT NOTE: Course and exam registrations and/or cancellations must be received at least 3 days prior to date of course whenever possible; a late cancellation fee may be charged.
