Maine Center for Disease Control and Prevention

## **Monthly STD/HIV Data Update**

Cases diagnosed from Jan 1st to July 31st 2016

This monthly update provides summary year-to-date (YTD) data about HIV and STDs in Maine. For each disease, the YTD total is shown and compared with the median\* YTD values for the last five years. Please note that data presented here <u>may</u> change due to reporting delays or pending epidemiologic investigations.

For more information call: Jamie Cotnoir - 287-7204
